8. All other terms and conditions remain unchanged.

End of Continuation Sheet.

352.223-70 Safety and Health (OCT 2026) (RFO DEVIATION)

(a) The Contractor must comply with all Federal, State, and local laws and regulations applicable to the work being performed under this contract. These laws are implemented or enforced by the Environmental Protection Agency, Occupational Safety and Health Administration (OSHA), and other regulatory/enforcement agencies at the Federal, State, and local levels.

(1) The Contractor must comply with the following regulations when developing and implementing health and safety operating procedures and practices for both personnel and facilities involving the use or handling of hazardous materials and the conduct of research, development, or test projects:

(i) 29 CFR 1910.1030, Bloodborne pathogens; 29 CFR 1910.1450, Occupational exposure to hazardous chemicals in laboratories; and other applicable occupational health and safety standards issued by OSHA and included in 29 CFR 1910. These regulations are available at <https://www.osha.gov/>.

(ii) Nuclear Regulatory Commission Standards and Regulations, pursuant to the Energy Reorganization Act of 1974 (42 U.S.C. 5801 et seq.). The Contractor may obtain copies from the U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001.

(2) The following Government guidelines are recommended for developing and implementing health and safety operating procedures and practices for both personnel and facilities:

(i) Biosafety in Microbiological and Biomedical Laboratories, CDC. This publication is available at <https://www.cdc.gov/labs/bmbl/index.html>.

(ii) Prudent Practices in the Laboratory (2011), National Research Council, (US) Committee on Prudent Practices in the Laboratory, National Academies Press. This publication is available at <https://www.ncbi.nlm.nih.gov/books/NBK55878/>.

(b) The Contractor must take additional safety measures as the Contracting Officer determines to be reasonably necessary.

(c) The Contractor must maintain an accurate record of, and promptly report to the Contracting Officer, all accidents or incidents resulting in the exposure of persons to toxic substances, hazardous materials or hazardous operations; the injury or death of any person; or damage to property incidental to work performed under the contract resulting from toxic or hazardous materials and resulting in any or all violations for which the Contractor has been cited by any Federal, State or local regulatory/enforcement agency. The report must include a copy of the notice of violation and the findings of any inquiry or inspection, and an analysis addressing the impact these violations may have on the work remaining to be performed. The report must also state the required action(s), if any, to be taken to correct any violation(s) noted by the Federal, State, or local regulatory/enforcement agency and the time frame allowed by the agency to accomplish the necessary corrective action.

(d) If the Contractor fails or refuses to comply with the Federal, State or local regulatory/enforcement agency's directive(s) regarding any violation(s) and prescribed corrective action(s), the Contracting Officer will take action using the appropriate FAR part procedures.

(e) The Contractor must insert the substance of this clause in each subcontract involving toxic substances, hazardous materials, or hazardous operations.

(End of clause)
