(2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at 9.104-5(a)(2) for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(1) By submitting a quotation or offer, the contractor, if it is not the manufacturer of the item, is confirming it currently has, or will obtain before delivery, and shall retain documented evidence (supply chain traceability documentation), as described in paragraph (2) of this procurement note, demonstrating the item is from the approved manufacturer and conforms to the technical requirements.

(2) At a minimum, the supply chain traceability documentation for the item shall include: basic item description, part number and/or national stock number, manufacturing source, manufacturing source's Commercial and Government Entity (CAGE) code, and clear identification of the name and location of all supply chain intermediaries between the manufacturer to the contractor to item(s) acceptance by the Government. for permanent residence, or who presents evidence from the Immigration and Naturalization Service that employment will not affect his immigration status.

Security requirements apply to the prime Contractor and any Sub-Contractors the prime Contractor may employ during the course of this contract, as well as any temporary employees that may be hired by the Contractor. The Government retains the right to request removal of Contractor personnel whose actions, while assigned to this contract, are determined by the Contracting Officer to conflict with the interests of the Government. If such removal occurs, the Contractor shall assign qualified personnel to any vacancy.

Contractor employees must follow procedures for Installation Access (Non-DOD Cardholders/Visitors). Multi-day visits or access to Restricted Areas may require Personally Identifiable Information to allow for a local records check. Physical Security will run a criminal history check on Contractor employees as a condition of access to the installation. If entry is denied, the Contractor will be immediately notified. Physical Security may require updating or rechecking criminal history based on the duration of the contract. NOTE: The Vetting Official will deny access to any person who the Installation Commander has deemed unfit for unaccompanied access. Depending on the site, a Government escort may be required. Security forms required for Installation access will vary by installation and will be provided upon award.

The Contractor is responsible for employees and Sub-Contractors under their employment. Contractors will ensure that employees are familiar with and obey installation traffic, safety, and security regulations. Contractor employees, including Sub-Contractors, are required to wear the ID card conspicuously on their outer clothing and above the waist at all times while working on this Center. Personnel are subject to challenge and removal from the work area if the ID card is not being worn. It is the Contracting Officer or designee's responsibility to enforce this requirement. Failure to do so is just cause for ordering that work on a contract be stopped.

Expired, invalid, inaccurate, inoperative or terminated Pass or Access Control Badge shall be returned to the Contracting Officer or his designee for disposition. These cards are the property of the U.S. Government and shall not be retained by the cardholder upon expiration, replacement, or when the DoD affiliation of the employee has been terminated. The Contract Officer or his designee shall deliver all returned Contractor badges to the Welcome Center within five (5) business days. If the Pass or Access Control Badge is lost or stolen, a police report will be completed, and the Contracting Officer or designee will submit a new request. Compliance with this requirement is mandatory and certification thereof to the Contracting Officer is required prior to submitting final invoices. Failure to return badges will hold up Contractor's final payment.

Contractor personnel shall present a neat appearance and be easily recognized as Contractor employees by wearing a Security Identification Badge at all times while on Government premises. When Contractor personnel attend meetings, answer phones, and work in other situations where their status is not obvious to third parties, they must identify themselves as Contractors to avoid creating the impression that they are Government employees.

Unofficial photography, cameras, or photographs are prohibited. When official photographs are required,

(3) The contractor shall immediately direct its workforce who are performing services for the Government to take the training after contract award. The contractor shall provide evidence of this training to the contracting officer representative or the contracting officer no later than five business days after contract award or prior to accessing the installation or a Federally-controlled information system, whichever occurs first.

(4) Annual refresher training is required and consists of re-accomplishing all of the courses listed in subparagraph (1) above. The contractor shall keep certificates on record for inspection or submission as required by the Government at the Government's discretion.

Revised Section 508 Standards -- Contract Language

IT Accessibility Requirements

Section 508 of the Rehabilitation Act, as amended by the Workforce Investment Act of 1998 (P.L. 105-220) requires that when Federal agencies develop, procure, maintain, or use information and communication technology (ICT), it shall be accessible to people with disabilities. Federal employees and members of the public who have disabilities must have access to, and use of, information and data that is comparable to people without disabilities.

1. Products, platforms and services delivered as part of this work statement that are ICT, or contain ICT, must conform to the Revised 508 Standards, which are located at 36 C.F.R. § 1194.1 & Apps. A, C & D, and available at <https://www.access-board.gov/guidelines-and-standards/communications-and-it/about-the-ict-refresh/final-rule/text-of-the-standards-and-guidelines>

Item that contains ICT:

Applicable Functional Performance Criteria: All functional performance criteria apply when using an alternative design or technology that achieves substantially equivalent or greater accessibility and usability by individuals with disabilities, than would be provided by conformance to one or more of the requirements in Chapters 4-6 of the Revised 508 Standards, or when Chapters 4-6 do not address one or more functions of ICT.

Applicable requirements for software features and components: All WCAG Level AA Success Criteria, 502 Interoperability with Assistive Technology, 503 Application

Applicable requirements for hardware features and components: All requirements apply

Applicable support services and documentation: All requirements apply

Instructions: The following instructions will help vendors properly document how their proposed solution addresses the Section 508 requirements outlined in the previous section. Vendors should

include this documentation with their proposal. When explaining how potential offerors should respond to the solicitation, include these instructions.

Caution: These instructions are not 508 requirements, evaluation factors, or acceptance criteria.

INSTRUCTIONS to Offerors

The Government will process late submissions in accordance with FAR 52.212-1(f), Instructions to Offerors—Commercial Products and Commercial Services (SEP 2023).

1. Provide an Accessibility Conformance Report (ACR) for each commercially available Information and Communication Technology (ICT) item offered through this contract. Create the ACR using the Voluntary Product Accessibility Template Version 2.1 or later, located at <https://www.itic.org/policy/accessibility/vpat>. Complete each ACR in accordance with the instructions provided in the VPAT template. Each ACR must address the applicable Section 508 requirements referenced in the Work Statement. Each ACR shall state exactly how the ICT meets the applicable standards in the remarks/explanation's column, or through additional narrative. All "Not Applicable" (N/A) responses must be explained in the remarks/explanation's column or through additional narrative. Address each standard individually and with specificity and clarify whether conformance is achieved throughout the entire ICT Item (for example - user functionality, administrator functionality, and reporting), or only in limited areas of the ICT Item. Provide a description of the evaluation methods used to support Section 508 conformance claims. The agency reserves the right, prior to making an award decision, to perform testing on some or all of the Offeror's proposed ICT items to validate Section 508 conformance claims made in the ACR.
2. Describe your approach to incorporating universal design principles to ensure ICT products or services are designed to support disabled users.
3. Describe plans for features that do not fully conform to the Section 508 Standards.
4. Describe "typical" user scenarios and tasks, including individuals with disabilities, to ensure fair and accurate accessibility testing of the ICT product or service being offered.

Instructions: Insert the following language into the Acceptance Criteria section of the solicitation.

Acceptance Criteria

1. Prior to acceptance, the government reserves the right to perform testing on required ICT items to validate the offeror's Section 508 conformance claims. If the government determines that Section 508 conformance claims provided by the offeror represent a higher level of conformance than what is actually provided to the agency, the government shall, at its option,

authorized DOD personnel to generate, capture, and process receipt and payment related documentation in a paperless environment. Invoices for supplies/services rendered under this blanket purchase agreement shall be submitted electronically through WAWF.

The requirements for invoicing are subject to FAR 52.232-25 Prompt Payment. Invoices for goods received or services rendered under this Task Order(s) shall be submitted electronically through WAWF. Hard copy invoices cannot be accepted. The vendor's failure to include the necessary information will result in invoices being rejected. The Maximum size limit of each attachment is 2 Megabytes (MB). Total size limit for all files is 5MB.

The vendor is required to utilize the system when processing invoices and receiving reports under this contract/order. Unless the provisions at DFARS 252.232-7003(c) applies, the vendor shall (1) ensure an Electronic Business Point of contact is designated in the System for Award Management (SAM) at <https://www.sam.gov> and (II) register to use WAWF-RA at the <https://wawf.eb.mil> site within ten (10) calendar days after award on this contract/order or modification. Step by step procedures to register are available at the <https://wawf.eb.mil> site.

In some situations, the WAWF-RA system will pre-populate the "Issue By DoDAAC," "Admin By DoDAAC," and "Pay DoDAAC." Vendors shall verify those DoDAACs automatically entered by the WAWF-RA system match the above information. If these DODAACS do not match, then the vendor shall correct the field(s) and notify the Contracting officer of the discrepancy (ies).
