52.212-1 Instructions to Offerors-Commercial Products and Commercial Services. (SEP 2023) (Deviation AUG 2025)

(a) *Submission of offers.* Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. As a minimum, offers shall include-

- (1) The solicitation number;
- (2) The name, address, telephone number of the Offeror;
- (3) The Offeror's Unique Entity Identifier (UEI) and, if applicable, Electronic Funds Transfer (EFT) indicator;
- (4) Information necessary to evaluate the factors contained in the provision at 52.212-2 or as described in the solicitation;
- (5) Responses to provisions that require Offeror completion of information, representations, and certifications (other than those collected via the System for Award Management (SAM)); and
- (6) A statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation and any solicitation amendments.

(b) *Period for acceptance of offers.* The Offeror agrees to hold the prices in its offer firm for 60 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(c) *Late submissions, modifications, revisions, and withdrawals of offers.*

- (1) Offerors are responsible for submitting offers and any modifications or revisions to the Government office designated in the solicitation by the time specified in the solicitation.
- (2) Any offer, modification, or revision received after the time specified for receipt of offers is "late" and will not be considered unless it is received before award is made and the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition. However, a late modification of an otherwise successful offer that makes its terms more favorable to the Government will be considered at any time it is received and may be accepted.
- (3) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.
- (4) Offerors may withdraw their offers by written notice to the Government received at any time before award.

(d) *Contract award (not applicable to Invitation for Bids)*. The Government intends to evaluate offers and award a contract without discussions with Offerors. Therefore, the Offeror's initial offer should contain the Offeror's best terms. However, the Government reserves the right to conduct discussions, if necessary. The Government may reject any or all offers if such action is in the public interest, accept other than the lowest offer, and waive informalities and minor irregularities in offers received.

(e) *Debriefings*. If a postaward debriefing is given to requesting Offerors, the Government will disclose the following information, if applicable:

- (1) The agency's evaluation of the significant weak or deficient factors in the debriefed Offeror's offer.
- (2) The overall evaluated cost or price and technical rating of the successful Offeror and the debriefed Offeror and past performance information on the debriefed Offeror.
- (3) The overall ranking of all Offerors when any ranking was developed by the agency during source selection.
- (4) A summary of the rationale for award.
- (5) For acquisitions of commercial products, the make and model of the product to be delivered by the successful Offeror.
- (6) Reasonable responses to relevant questions posed by the debriefed Offeror as to whether the agency followed source-selection procedures set forth in the solicitation, applicable regulations, and other applicable authorities.

(End of provision)

52.212-2 Evaluation-Commercial Products and Commercial Services. (NOV 2021) (Deviation AUG 2025)

(a) Evaluation factors. The Government will award a contract resulting from this solicitation to the responsible Offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors will be used to evaluate offers:

Award will be made to the responsive, responsible offeror whose proposal is the **Lowest Priced Technically Acceptable (LPTA)** solution to the Government. Technical acceptability will be determined on a pass/fail basis, based on the following criteria:

To be considered technically acceptable, an offeror's quotation must receive an acceptable rating for each of the following non-price factors:

1. Technical
2. Inventory/Delivery
3. Price

Factor 1 Technical

Evaluation for Indoor Pressure Treated 2x6x16 Lumber by type and size as outlined in **Attachment 01 – Statement of Work**.

Factor 2 Inventory/Delivery

Relevant to this requirement is the contractor's lumber availability and delivery capability, considering the types of lumber being required as outlined in **Attachment 01 - Statement of Work**. Additionally, the contractor's quote shall be evaluated on their current inventory of the

required lumber type and their delivery potential under short notice (up to 48-hours after receipt of award).

Evaluation for inventory and delivery will be done as follows: **Inventory:** like lumber (2x6x16 CA-C.060) will be evaluated across vendors to determine the lowest priced technically acceptable lumber. Partial inventory may be selected by type of lumber and size. Multiple vendors may be selected. **Delivery:** Vendors shall begin delivering lumber to the FEMA location within 48 hours after receipt of Award.

The vendor will be rated as **Acceptable or Unacceptable** for this evaluation factor.

Factor 3 Price

The vendor's price shall be evaluated based on like lumber and size and will be evaluated across vendors to determine the lowest priced technically acceptable lumber. Partial inventory may be selected by like-lumber. Multiple vendors may be selected with less than the quantity requested.

The vendor's proposed pricing shall be evaluated for reasonableness.

Rating System for Technical and Inventory/Delivery Evaluation Factors

Rating	Definition
Acceptable	Proposal meets the requirements of the solicitation.
Unacceptable	Quote does not meet the requirements of the solicitation.

(b) *Options (if applicable)*. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. The evaluation of options does not obligate the Government to exercise the option(s).

(c) *Notice of award*. A written notice of award or acceptance of an offer furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of provision)
