Alternate I (Apr 1984) of 52.248-3

AGAR Clauses:

452.203-71 Anti-Discrimination and Diversity, Equity, and Inclusion (DEI) Compliance (Dec 2025)

(a) By entering into this contract, the Contractor certifies that:

- (1) It is compliant with all applicable Federal anti-discrimination laws and the Equal Protection principles of the U.S. Constitution, and it will remain compliant for the duration of the contract.
- (2) Neither it nor any subcontractor or teaming partner operates or funds any program, policy, or initiative that promotes DEI in a manner that violates any applicable Federal anti-discrimination laws, including but not limited to Title VI and VII of the Civil Rights Act of 1964, or the Equal Protection principles of the U.S. Constitution, and the Contractor and any subcontractor or teaming partner will not do so for the duration of the contract.

(b) If the Contractor participates in, facilitates, or funds programs that implicate Title VI of the Civil Rights Act of 1964 or Title IX of the Education Amendments of 1972, as amended, including but not limited to grants to or for schools, colleges, universities, 4-H programs, non-governmental organization (NGO) programs, sports programs, and education-related grants to prisons or other detention facilities, the Contractor certifies that it will remain compliant with those laws, including the requirements set forth in Executive Order 14168, Defending Women from Gender Ideology Extremism and Restoring Biological Truth to the Federal Government, and Executive Order 14173, Ending Illegal Discrimination and Restoring Merit-Based Opportunity.

(c) The Contractor affirms that the above requirements are conditions of payment that go to the essence of the contract and are therefore material terms of the contract. Payments under the contract are predicated on compliance with the above requirements, and therefore the Contractor is not eligible for funding under the contract or to retain any funding under the contract absent compliance with the above requirements.

(d) This certification reflects a change in the Government's position regarding the materiality of the foregoing requirements and therefore any prior payment of similar claims does not reflect the materiality of the foregoing requirements to this contract.

(e) Submission of a knowing false statement relating to Contractor's compliance with the above requirements and/or eligibility for the contract may subject the Contractor to liability under the False Claims Act, 31 U.S.C. § 3729, and/or criminal liability, including under 18 U.S.C. §§ 287 and 1001.

(f) The Contractor must include the provisions of this clause in all subcontract solicitations.

(g) Failure on the part of the Contractor or its subcontractors to comply with the terms of this clause may be grounds for the Contracting Officer to terminate this contract for default.

(End of Clause)

452.204-70 Modification for Contract Closeout (Apr 2026)

(a) If unliquidated funds in the amount of \$1000 or less remain on the contract, the Contracting Officer (Contracting Officer) may issue a unilateral modification for deobligation. The contractor will receive a copy of the modification but is not required to provide a signature. The Contracting Officer will immediately proceed with contract closeout upon completion of the period of performance, receipt and acceptance of supplies or services, and final payment.

(b) For commercial contracts not exceeding the simplified acquisition procedure threshold under FAR 12.001(c), if more than \$1,000 in unliquidated funds remain at closeout, the Contracting Officer will issue a bilateral de-obligation modification. Only the modification requires the contractor's signature, though a Release of Claims may be requested. If the required documents are not returned within 60 days, the Contracting Officer will issue a unilateral modification and proceed with closeout once performance is complete, acceptance is confirmed, and final payment is made.

(c) For all other non-commercial or non-cost-reimbursement contracts, if more than \$1,000 in unliquidated funds remain at closeout, the Contracting Officer will issue a bilateral de-obligation modification and a Release of Claims, both requiring contractor signature. If these documents are not returned within 120 days, the Contracting Officer will issue a unilateral modification and proceed with closeout upon completion of performance, acceptance, and final payment.

(End of Clause)

452.232-71 Progress Payments for Commercial Construction Contracts (Dec 2025)

(a) *Contractor entitlement to progress payments.* The Contractor may request progress payments monthly as the work proceeds, or at more frequent intervals as determined by the Contracting Officer, on estimates of work accomplished that meets the standards of quality established under the contract, as approved by the Contracting Officer.

(b) *Computation of amounts.* Progress payments will be authorized when the payment requested is properly due in accordance with this contract; the work will be performed in accordance with the contract; and there has been no impairment or diminution of the Government's security under this contract. The Contracting Officer may authorize consideration of:

- (3) Materials delivered on site and preparatory work;
- (4) Materials delivered to the Contractor at locations other than the site, if:
 - i. Specifically authorized by the contract; and
 - ii. The Contractor provides satisfactory evidence of title and intended use in the contract.

(c) *Contractor request for progress payments.* The Contractor's request for progress payments shall include the following:

- (1) An itemization of the amounts requested, related to the various elements of work required by the contract;
- (2) A listing of the amount included for work performed by each subcontractor;
- (3) A listing of the total amount of each subcontract;
- (4) A listing of the amounts previously paid to each subcontractor; and

**Forest-Wide Well and Septic Tank Decommissioning
127EAX26Q0091**

(5) Additional supporting data in a form and detail required by the Contracting Officer.

(d) *Contractor Certification.* Each request for progress payment shall be accompanied by the following certification:

I hereby certify, to the best of my knowledge and belief, that—

- (1) The amounts requested are only for performance in accordance with the specifications, terms, and conditions of the contract;
- (2) All payments due to subcontractors and suppliers from previous payments received under the contract have been made, and timely payments will be made from the proceeds of the payment covered by this certification, in accordance with subcontract agreements and the requirements of Chapter 39 of Title 31, United States Code;
- (3) This request for progress payments does not include any amounts which the prime contractor intends to withhold or retain from a subcontractor or supplier in accordance with the terms and conditions of the subcontract; and
- (4) This certification is not to be construed as final acceptance of a subcontractor's performance.

(name)
(title)
(date)

(e) *Access for verification of payment entitlement.* To verify the Contractor's entitlement to progress payments under this contract, the Contractor shall provide the Government, upon request and during normal business hours, access to the following:

- (1) Records and Documentation:
 - (i) Certified progress payment requests and supporting documentation;
 - (ii) Subcontractor and supplier invoices, payment records, and lien waivers;
 - (iii) Updated schedule of values and progress schedules;
 - (iv) Quality assurance and inspection reports;
 - (v) Payroll records, if applicable under labor provisions.
- (2) Facilities and Worksite Access:
 - (i) Physical access to the construction site for inspection of work progress;
 - (ii) Access to off-site storage locations for materials billed but not yet incorporated into the work; or
 - (iii) Access to any fabrication facilities where contract-related work is being performed.
- (3) Access to electronic invoicing or project management systems used to track progress and payments, if such systems are used in contract performance.

(f) *Dates for payment.* A progress payment under this clause is a contract progress payment under the Prompt Payment clause of this contract, and except as provided in paragraph (g) of this clause, approved requests shall be paid within 30 days of submittal of a proper request for payment.

**Forest-Wide Well and Septic Tank Decommissioning
127EAX26Q0091**

(g) *Liquidation of progress payments.* Progress payments shall be liquidated by deducting from the payment of each item the total unliquidated amount of progress payments made for that separately priced unit of that line item. The liquidation amounts for each line item shall be clearly delineated in each request for progress payment submitted by the Contractor.

(h) *Security for progress payments.* In the event the Contractor fails to provide adequate security as required in this contract, no progress payment shall be made under this contract. Upon receipt of adequate security, progress payments shall be made, including all previous payments to which the Contractor is entitled, in accordance with the terms of the contract. If at any time the Contracting Officer determines that the security provided by the Contractor is insufficient, the Contractor shall promptly provide such additional security as the Contracting Officer determines necessary. In the event the Contractor fails to provide such additional security, the Contracting Officer may collect or liquidate such security that has been provided, and suspend further payments to the Contractor; the Contractor shall repay to the Government the amount of unliquidated progress payments as the Contracting Officer at his sole discretion deems repayable.

(i) *Special terms regarding termination for cause.* If this contract is terminated for cause, the Contractor shall, on demand, repay to the Government the amount of unliquidated progress payments. The Government shall be liable for no payment except as provided by the Termination for Cause paragraph of the clause at Federal Acquisition Regulation 52.212-4, Contract Terms and Conditions—Commercial Products and Commercial Services.

(j) *Reservation of rights.*

(1) No payment, vesting of title under this clause, or other action taken by the Government under this clause shall-

- (i) Excuse the Contractor from performance of obligations under this contract; or
- (ii) Constitute a waiver of any of the rights or remedies of the parties under the contract.

(2) The Government's rights and remedies under this clause-

- (i) Shall not be exclusive, but rather shall be in addition to any other rights and remedies provided by law or this contract; and
- (ii) Shall not be affected by delayed, partial, or omitted exercise of any right, remedy, power, or privilege, nor shall such exercise or any single exercise preclude or impair any further exercise under this clause or the exercise of any other right, power, or privilege of the Government.

(k) *Refund of unearned amounts.* If the Contractor, after making a certified request for progress payments, discovers that a portion or all of such request constitutes a payment for performance by the Contractor that fails to conform to the specifications, terms, and conditions of this contract (hereinafter referred to as the "unearned amount"), the Contractor shall-

(1) Notify the Contracting Officer of such performance deficiency; and

(2) Be obligated to pay the Government an amount (computed by the Contracting Officer in the manner provided in paragraph (j) of this clause) equal to interest on the unearned amount from the 8th day after the date of receipt of the unearned amount until-

- (i) The date the Contractor notifies the Contracting Officer that the performance deficiency has been corrected; or

Forest-Wide Well and Septic Tank Decommissioning
127EAX26Q0091

- (ii) The date the Contractor reduces the amount of any subsequent certified request for progress payments by an amount equal to the unearned amount.

(l) *Retainage.* If the Contracting Officer finds that satisfactory progress was achieved during any period for which a progress payment is to be made, the Contracting Officer shall authorize payment to be made in full. However, if satisfactory progress has not been made, the Contracting Officer may retain a maximum of 10 percent of the amount of the payment until satisfactory progress is achieved. When the work is substantially complete, the Contracting Officer may retain from previously withheld funds and future progress payments that amount the Contracting Officer considers adequate for protection of the Government and shall release to the Contractor all the remaining withheld funds. Also, on completion and acceptance of each separate building, public work, or other division of the contract, for which the price is stated separately in the contract, payment shall be made for the completed work without retention of a percentage.

(m) *Title, liability, and reservation of rights.* All material and work covered by progress payments made shall, at the time of payment, become the sole property of the Government, but this shall not be construed as-

- (1) Relieving the Contractor from the sole responsibility for all material and work upon which payments have been made or the restoration of any damaged work; or
- (2) Waiving the right of the Government to require the fulfillment of all the terms of the contract.
- (3) The Government's rights and remedies under this clause-
 - (i) Shall not be exclusive, but rather shall be in addition to any other rights and remedies provided by law or this contract; and
 - (ii) Shall not be affected by delayed, partial, or omitted exercise of any right, remedy, power, or privilege, nor shall such exercise or any single exercise preclude or impair any further exercise under this clause or the exercise of any other right, power, or privilege of the Government.

(n) *Reimbursement for bond premiums.* In making these progress payments, the Government shall, upon request, reimburse the Contractor for the amount of premiums paid for performance and payment bonds (including coinsurance and reinsurance agreements, when applicable) after the Contractor has furnished evidence of full payment to the surety. The retainage provisions in paragraph (l) of this clause shall not apply to that portion of progress payments attributable to bond premiums.

(o) *Final payment.* The Government shall pay the amount due the Contractor under this contract after-

- (1) Completion and acceptance of all work;
- (2) Presentation of a properly executed voucher; and
- (3) Presentation of release of all claims against the Government arising by virtue of this contract, other than claims, in stated amounts, that the Contractor has specifically excepted from the operation of the release. A release may also be required of the assignee if the Contractor's claim to amounts payable under this contract has been assigned under the Assignment of Claims Act of 1940 ([31 U.S.C.3727](#) and [41 U.S.C. 6305](#)).

**Forest-Wide Well and Septic Tank Decommissioning
127EAX26Q0091**

(p) *Limitation because of undefinitized work.* Notwithstanding any provision of this contract, progress payments shall not exceed 80 percent on work accomplished on undefinitized contract actions. A "contract action" is any action resulting in a contract, as defined in FAR subpart 2.1, including contract modifications for additional supplies or services, but not including contract modifications that are within the scope and under the terms of the contract, such as contract modifications issued pursuant to the Changes clause, or funding and other administrative changes.

Evaluation and Basis for Award

Evaluation Criteria:

The provision at FAR 52.212-2, Evaluation—Commercial Products and Commercial Services is not applicable to this solicitation. In lieu of this provision, proposals will be evaluated in accordance with FAR 12.203 based on the criteria listed below. Award will be made to the offeror with the highest technically rated proposal with fair and reasonable pricing and acceptable or neutral past performance.

Technical Approach: The technical proposal will be used to make an evaluation and arrive at a determination as to whether the proposal will meet the requirements of the Government. Therefore, the technical proposal must present sufficient information to reflect a thorough understanding of the requirements and a detailed description of the techniques, procedures, and program for achieving the objectives of the specifications/statement of work. Proposals which merely paraphrase the requirements of the Government's specifications/statement of work or use such phrases as "will comply" or "standard techniques will be employed" will be considered unacceptable and will not be considered further. Offerors are strictly advised to comply with all instructions within this solicitation to ensure submission of a complete Prime Contractor Offer. Failure to furnish a complete offer per the instructions in this solicitation, at the required time and on the required date, may result in the Offeror's proposal being determined ineligible.

As a minimum, the proposal must clearly provide the following:

A. Factor 1 - Work Plan / Capability of the Offeror (NTE 10 pages): The offeror shall compose a narrative detailing a response to the below questions / statements.

- Provide a brief explanation of your ability to accomplish this work, include a description of the work you plan to subcontract out.
- Provide your planned sequencing of all work.
- The resources (personnel and equipment) planned for use on the project and their availability.
 - a. Include any subcontractors and their experience and capabilities.
- Site specific safety plan.
- Plan of work to include the major tasks and timelines.
- Ability of the offeror to meet the Delivery requirements listed in the Statement of Work (SOW).
- Detailed explanation of the offeror's ability to accomplish all tasks in the SOW. A simple statement of capabilities will not suffice. The offeror must address how they will accomplish the requirements of the SOW.

B. Factor 2 - Key Personnel (NTE 3 pages): The offeror shall provide a detailed summary of experience with work similar to the type of work required under this project as well as a letter of intent for assignment to this project. Provide a list of personnel with job titles and years of experience, number of crews, number of personnel in each crew (experience, and background), to be assigned to meet the **120-day period of performance**.

**Forest-Wide Well and Septic Tank Decommissioning
127EAX26Q0091**

C. Factor 3 - Performance Schedule (NTE 3 pages): The performance schedule shall be presented in the form of a time scaled Network Diagram, CPM Schedule, or a Gantt chart, clearly showing the critical path, indicating commencement and completion of the entire project within the required contract period of performance. The schedule shall be in sufficient detail to clearly show each portion of work and its planned commencement and completion dates. Performance period shall be provided in calendar days. The period shall include all time aspects of the work, including advance ordering of long lead items.

Price: Any quantity price discounts and discounts for prompt payment should be included in this section. The offeror shall provide pricing as requested in the attached spreadsheet titled “Attachment 3 – Schedule of Items”. Any quantity price discounts and discounts for prompt payment should be included in this section. Total price evaluation will be for the base period, and all optional line items. Failure to propose pricing for the base period and all optional line items will result in a proposal being excluded from further consideration. The offeror’s proposal will be evaluated in accordance with FAR 12.204, to determine if it is fair and reasonable.

Past Performance: Furnish a list of three (3) projects of similar magnitude completed by the firm within the last three (3) years. The list should include work similar in nature and complexity to that required by this solicitation. Include contracts with the Federal Government, agencies of state, local governments, and commercial customers. For each project cited, provide the following:

- Name and location of the project;
- Project Point of Contact’s name, phone, email address, and fax numbers; Total cost of the project;
- A brief narrative of the project (include size, i.e. acres, square feet; date of start, and completion or anticipated completion date).
 - The Government reserves the right to contact reference for verification or additional information. The Government’s inability to contact any of the Offeror’s reference or the unwillingness to provide the information requested may affect the Government’s evaluation of this factor.

The Government may or may not contact any or all references listed. For any projects listed that may report less than positive performance, you are encouraged to provide a description of the problems and efforts made to correct and prevent future occurrences.

Past Performance will be evaluated using the following rating system:

- **Acceptable:** The contractor shows a demonstrated ability to meet contract requirements in prior or current contracts, including quality of work, timeliness, cost control, business relations, and adherence to contract terms.
- **Neutral:** Offeror does not have a past performance record.
- **Unacceptable:** The contractor has a documented history of failing to meet contract requirements, including poor quality, missed deadlines, cost overruns, lack of responsiveness, or unethical behavior.

Evaluation Method:

All proposals will be evaluated to identify the offeror presenting the most technically advantageous solution based on the stated evaluation criteria. Once the highest technically rated offeror is identified, their price will be evaluated to determine whether it is fair and reasonable. Past performance will also be assessed to ensure it is acceptable or neutral.

Technical:

Work Plan / Technical Approach to Performing the Work

The Government will evaluate the overall approach and rational means & methods to complete the project in a successful, safe, and efficient manner. When evaluating the Technical Approach to Performing the Work, the government will assess the reasonableness of the contractor's proposed approach to performing the work

Key Personnel

The offeror will be evaluated by relevant experience on the basis of its extent and depth as well as scaled amounts of personnel when compared to the size / complexity of the project.

Performance Schedule

The firm will be evaluated for a schedule within the mandatory period of performance with logical work progression to meet the requirements of the statement of work and specification requirements.

Price:

The government expects to make an award without discussions, however reserves the right to conduct discussion if necessary. In the event that discussion are conducted, the competitive range may be limited for purposes of efficiency. Offerors schedule of values is clearly organized with a sufficient level of detail to allow for the Government to effectively administer the contract.

Past Performance:

Past performance is a measure of the degree to which the offeror (including major subcontracts) has satisfied previous customers and complied with Federal, State and Local laws and regulations. The Government will contact references to assess the quality of the contractor's work, timely completion, project management, and compliance with regulatory requirements. The Government will consider the currency and relevance of the information, source of the information, context of the data and general trends in contractor performance.

The past performance evaluation will characterize the level of the Government's confidence that the offeror will successfully complete the work, in compliance with all contract requirements, based on its record of successful performance on recent and relevant similar projects.

In the past performance evaluation, the Government may use information from sources other than the offeror's proposal. Other sources of information, may include, but are not limited to: Federal, State and Local government agencies, better business bureaus, published media

and electronic databases such as the Contractor Performance Assessment Reporting System (CPARS).

Where there is little or no information available regarding the offeror's past performance history because the offeror is new to the marketplace, the past performance evaluation may take into account information regarding predecessor companies, key personnel who have relevant experience, or subcontractors that will perform major or critical aspects of the work. When no information is available, the offeror will not be evaluated favorably or unfavorably on past performance.

Award will be made to the offeror whose proposal is determined to be the highest technically rated, provided that:

- The proposed price is fair and reasonable, and
- Past performance is assessed as acceptable or neutral.

Award will not necessarily be made to the lowest-priced offeror. Tradeoffs will not be conducted.

FAR 52.212-2 Evaluation - Commercial Products and Commercial Services (Nov 2025)

(a) Evaluation factors. The Government will award a contract resulting from this solicitation to the responsible Offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered.

(b) Optional Line Items. The Government will evaluate offers for award purposes by adding the total price for all optional line items to the total price for the base requirement. The Government may determine that an offer is unacceptable if the optional line item prices are significantly unbalanced. The evaluation of optional line items does not obligate the Government to exercise the optional line items.

(c) Notice of award. A written notice of award or acceptance of an offer furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

AGAR Provisions:

- 452.203-70 Anti-Discrimination and Diversity, Equity, and Inclusion (DEI) Certification (Dec 2025)

(a) By submission of its offer, the offeror certifies that:

- (1) It is compliant with all applicable Federal anti-discrimination laws and the Equal Protection principles of the U.S. Constitution.
- (2) Neither it nor any proposed subcontractor or teaming partner operates or funds any program, policy, or initiative that promotes DEI in a manner that violates any applicable Federal anti-discrimination laws, including but not limited to Title VI and VII of the Civil Rights Act of 1964, or the Equal Protection principles of the U.S. Constitution.

(b) If the offeror participates in, facilitates, or funds programs that implicate Title VI of the Civil Rights Act of 1964 or Title IX of the Education Amendments of 1972, as amended, including but not limited to grants to or for schools, colleges, universities, 4-H programs, non-governmental organization (NGO) programs, sports programs, and education-related grants to prisons or other detention facilities, by submission of its offer, the offeror certifies that it is compliant with those laws, including the requirements set forth in Executive Order 14168, Defending Women from Gender Ideology Extremism and Restoring Biological Truth to the Federal Government, and Executive Order 14173, Ending Illegal Discrimination and Restoring Merit-Based Opportunity.

(c) The offeror affirms that the above requirements are conditions of payment that go to the essence of the contract and are therefore material terms of the contract. Payments under the contract are

**Forest-Wide Well and Septic Tank Decommissioning

predicated on compliance with the above requirements, and therefore the offeror will not be eligible for funding under the contract or to retain any funding under the contract absent compliance with the above requirements.

(d) This certification reflects a change in the Government's position regarding the materiality of the foregoing requirements and therefore any prior payment of similar claims does not reflect the materiality of the foregoing requirements to this contract.

(e) Submission of a knowing false statement relating to offeror's compliance with the above requirements and/or eligibility for the contract may subject the offeror to liability under the False Claims Act, 31 U.S.C. § 3729, and/or criminal liability, including under 18 U.S.C. §§ 287 and 1001.

(f) Failure on the part of the offeror or its subcontractors to comply with the terms of this clause may be grounds for the Contracting Officer to terminate the contract for default.
(End of Provision)

**NOTICE FOR FILING AGENCY PROTESTS
United States Department of Agriculture (USDA) Ombudsman Program**

The USDA is committed to issuing solicitations and awarding contracts in a fair and prompt manner. The Ombudsman Program for Agency Protests (OPAP) was established to address protest issues within the agency, providing an alternative to costly and time-consuming litigation. Operating independently, OPAP offers relief comparable to that granted by the Government Accountability Office (GAO). Interested parties are encouraged to resolve concerns through USDA's internal Alternative Dispute Resolution (ADR) process before pursuing external forums such as the GAO. Concerns may be addressed informally or through a formal agency protest filed with either the Contracting Officer or the Ombudsman.

Informal Forum with the Ombudsman

1. **Initial Point of Contact:** Interested parties who believe a specific USDA procurement is unfair or otherwise defective should first direct their concerns to the applicable Contracting Officer.
2. **Escalation:** If the Contracting Officer is unable to address their concerns, interested parties are encouraged to contact the USDA Ombudsman for Agency Protests. Under this informal process, the agency is not required to suspend contract award performance. Utilization of the informal forum does not suspend any time requirement for filing a formal protest with the agency or other forums.
3. **Required Information:** To ensure a timely response, interested parties should provide the following information to the Ombudsman: solicitation/contract number, contracting office, Contracting Officer, and solicitation closing date (if applicable).

Formal Agency Protest with the Ombudsman

1. **Effort to Resolve:** Prior to submitting a formal agency protest, protesters must first use their best efforts to resolve their concerns with the Contracting Officer through open and frank discussions.

**Forest-Wide Well and Septic Tank Decommissioning
127EAX26Q0091**

2. **Independent Review:** If the protester's concerns remain unresolved, an Independent Review is available by the Ombudsman. The protester may file a formal agency protest with either the Contracting Officer or, alternatively, with the Ombudsman under the OPAP program. Contract awards or performance will be suspended during the protest period unless justified in writing for urgent and compelling reasons or determined in writing to be in the best interest of the Government.
3. **Resolution Timeline:** The agency's goal is to resolve protests within 35 calendar days from the date of filing.
4. **Required Information:** Protests shall include the information set forth in FAR 33.104(a)(3). Failure to submit the required information may result in a delay or dismissal of the protest.
5. **Timeliness:** Protests must be filed within the timeframes specified in FAR 33.104.
6. **Submission:** Formal protests under the OPAP program should be submitted electronically to SPE.inquiry@usda.gov and the Contracting Officer.

Election of Forum. By initiating a protest with the USDA, the protester agrees not to pursue the same matter with the Government Accountability Office (GAO) or any other external forum while the agency protest is pending. If a protest is filed externally, the agency protest will be dismissed.
