### SOLICITATION

**NOTE: In sealed bid solicitations "offer" and "offeror" mean "bid" and "bidder."**

10. THE GOVERNMENT REQUIRES PERFORMANCE OF THE WORK DESCRIBED IN THESE DOCUMENTS (Title, identifying no., date)

GAOA Palisades Lagoon Liner & Effluent Sprinkler System Replacement, Coronado National Forest.

All Contractors must be registered in the System for Award Management (www.SAM.gov) at time of submission of a quote. Contractors are responsible for following all submission instructions and to ensure delivery of all required documents by the date and time set for receipt of quotes or any Amendment that extends the receipt date.

- Proposal Evaluation and Basis for Contract Award: Starts on Page 29
- Quotation/Proposal Submittal Requirement: Starts on Page 31
- Bid Guarantee (FAR 52.228-1): 20% required if quote is in excess of \$150,000. The SF-24 shall be used for Bid Bonds - <https://www.gsa.gov/reference/forms/bid-bond>
- Price Range: Between \$500,000 and \$1,000,000
- NAICS: 237110 with a Small Business Size Standard of \$45 Million. This acquisition is a total Small Business set-aside.

**Attachment 1 - Solicitation Terms and Conditions**

**GAOA Palisades Lagoon Liner & Effluent Sprinkler System Replacement  
Santa Catalina Ranger District  
Coronado National Forest  
Pima County, AZ**

**Description** - The Palisades Administrative Site Lagoon Liner and Effluent Sprinkler System Replacement project involves the maintenance and upgrade of the wastewater treatment system at the Palisades Administrative Complex, located on the Santa Catalina Ranger District of the Coronado National Forest, Pima County, Arizona, approximately 20 miles from Tucson. The project aims to replace the existing lagoon liner system and effluent sprinkler system, reconstruct access roads, and ensure uninterrupted wastewater services during construction through a temporary wastewater conveyance system.

**Objectives:**

Replace the existing double lagoon liner system with a new primary geomembrane liner, non-woven geotextiles and secondary geomembrane liner, including pipe boots, leak detection pit/pipe, and berm vents.

Install a new effluent sprinkler system, including a foot valve, float, sprinklers, piping, and associated components.

Reconstruct and improve the existing access road (approximately 660 linear feet) to the lagoon, including culvert maintenance, riprap installation, and ditch construction.

Provide a temporary above-ground wastewater conveyance system to maintain sewer services during construction.

Ensure proper disposal of existing lagoon liners, effluent, sludge, and other demolished materials in compliance with local, state, and federal regulations.

Minimize environmental impact and ensure compliance with all applicable standards, including OSHA, ASTM, AASHTO, ANSI, and Arizona Department of Environmental Quality (ADEQ) regulations.

**SCHEDULE OF ITEMS/PRICE SCHEDULE**

Prices on the Schedule shall reflect Contractor's full cost for materials, labor, supervision, overhead costs, and incidental items.

See Attachment 2 – SOI Palisades Lagoon Liner and Sprinkler System Replacement. Contractors must submit pricing for ALL line items listed in Attachment 2 - Schedule of Items. The completed Attachment 2 must be included in the Contractor's Price Quote.

**(b) Specifications**

Applies to SOI Subitems 0001AA-0001AQ

The CSI Specifications are included as a supplemental document as indicated in (a) Attachments. All line items on Schedule of Items will further be detailed in the "Description of Work" section in all respective specifications. Some listed specifications in the schedule of items include reference specifications not listed and are subsidiary to or are included in payment for other pay items in this contract. Necessary reference specifications are indicated under each listed specification. These items are considered incidental, and no additional compensation will be made

Applies to SOI Subitems 0001AR-0001AU

The Standard Specifications for Construction of Roads and Bridges on Federal Highway Projects, FP-14, U.S. Customary Units (FHWA-FLH-14-002) are included by reference. The requirements contained in these specifications are hereby made a part of this solicitation and any resultant contract. Supplemental Project Specifications (FSSS) amend or supplement the standard specifications. The Supplemental Project Specifications are included as a separate attached document and are a part of this solicitation and any resulting contract.

Copies are available electronically on the U.S. DEPARTMENT OF TRANSPORTATION Federal Highways Administration website at <https://highways.dot.gov/federal-lands/specs/fp-14>

**GAOA Palisades Lagoon Liner & Sprinkler System Replacement  
RFQ 1240LT26Q0094**

**NOTE: Contractors are cautioned to carefully review these Project Specifications prior to submission of quotes. All specifications contained in Attachments are binding on the parties signing the contract.**

**(c) Start Work**

It is estimated that work will begin on **October 1, 2026.**

**(d) Commencement, Prosecution, and Completion of Work**

The Contractor shall be required to (a) commence work under this contract within **10 calendar days** after the date the Contractor receives the notice to proceed, (b) prosecute the work diligently, and (c) complete the entire work ready for use not later than **December 1, 2026.** The time stated for completion shall include final cleanup of the premises.

No work to be performed between March 1st and August 31st for MSO breeding season.

**(e) Location**

The Palisades Administrative Complex is located on the Santa Catalina Ranger District of the Coronado National Forest, Pima County, Arizona, approximately 20 miles north of Tucson, AZ. Approximate coordinates to the Site are: N 32.4099°, W 110.714°. The elevation is 7,950 feet and surrounded by forest. The Site can be reached by following Mt. Lemmon Highway. In the winter, Mt. Lemmon receives snow in the months of December through February and may cause temporary road closures or require snow chains or four-wheel drive.

**(f) Washing Equipment**

All equipment used on the site shall be cleaned and inspected off National Forest land prior to its arrival on the site. The equipment must be 1) free of all mud, seeds, plants, and plant fragments; and 2) free of oil, fuel, or toxic leaks that would wash off into the water. Only construction equipment inspected by the Contracting Officer Representative will be allowed to operate within the project area. All subsequent move-ins of construction equipment shall be treated the same as the initial move-in. Notify the Contracting Officer Representative 48 hours in advance of mobilizing equipment to the site to arrange an inspection.

**(g) Landscape Preservation**

(a) The Contractor shall confine operations to within the clearing limits or other areas designated in contract documents, and prevent the depositing of rocks, excavated materials, stumps, or other debris outside of these limits. Material, which falls outside of these limits, shall be retrieved, disposed of, or incorporated in the work as directed by the Contracting Officer. No trees over 9 inches DBH shall be cut.

**GAOA Palisades Lagoon Liner & Sprinkler System Replacement**  
**RFQ 1240LT26Q0094**

(b) Operation shall be scheduled and conducted to minimize erosion of soils and to prevent silting and muddying of streams, rivers, irrigation systems, and impoundments (lakes, reservoirs, etc.).

Pollutants such as fuels, lubricants, bitumens, raw sewage, and other harmful materials shall not be discharged into or near rivers, streams, and impoundments or into natural or manmade channels leading thereto. Wash water or wastewater from concrete or aggregate operations shall not be allowed to enter live streams prior to treatment by filtration, settling, or other means sufficient to reduce the sediment content to not more than that of the stream into which it is discharged.

Mechanized equipment shall not be operated in live streams without written approval by the Contracting Officer.

**(h) Special Contract Requirements**

Prior to commencement of work, the Contracting Officer will arrange a meeting with the Contractor to discuss the contract terms and work performance requirements.

**(i) Packing and Marking**

All shipments of materials, equipment and/or supplies shall be addressed to the Contractor and not to the Government.

**(j) Project Labeling for Official Correspondence**

The Government singularly identifies each project with a contract number at time of award. The contract number is a unique identifier to purposely and permanently represent an awarded project. The Government issued contract number is to be referenced on all official communication starting upon notice of award.

**(k) Invoicing**

The "Submit Invoice-to" address for USDA orders is the Department of Treasury's Invoice Processing Platform (IPP). All invoices shall be submitted via the electronic Invoice Processing Platform. This platform is managed by the U.S. Department of Treasury and additional information is available at this website: <https://www.ipp.gov/index.htm>.

Upon award of a contract, Contractors will be enrolled automatically. Contractor will subsequently receive electronic notification from IPP of enrollment. IPP password will be delivered electronically to allow first login to IPP. Contractors shall submit all invoices electronically via IPP. Paper copies of invoices will no longer be accepted.

**GAOA Palisades Lagoon Liner & Sprinkler System Replacement  
RFQ 1240LT26Q0094**

**(I) Pre-Final and Final Inspection**

1. Pre-final Inspection: The Government may, at its own discretion, conduct a pre-final inspection prior to the contractor requesting a final inspection. Any discrepancies noted shall be corrected prior to final inspection.
2. Final Inspection: When the work is ready for final inspection, the Contractor shall submit a written request for the final inspection to the duly assigned Contracting Officer's Representative at least seven (7) days prior to the desired final inspection date. The final inspection will be performed with the Contractor by the appropriate Government personnel. If any discrepancies are noted, they shall be handled in accordance with 52.246-12.

**GAOA Palisades Lagoon Liner & Sprinkler System Replacement  
RFQ 1240LT26Q0094**

**Federal Acquisition Regulation (FAR) and United States Department of Aquiculture  
Acquisition Regulation (AGAR) Clauses and Provisions**

The clauses and provisions contained herein are applicable to any order awarded as a result of this solicitation. The terms and conditions set forth herein supersede all other terms and conditions. Acceptance of the order in accordance with (IAW) FAR 12.201-1(b)(2) constitutes acceptance of all terms and conditions contained herein.

As part of the Revolutionary FAR Overhaul (RFO), system updates may lag policy updates. The System for Award Management (SAM) may continue to require entities to complete representations based on provisions that are not included in this solicitation. Contracting officers will rely on representations from vendors based on provisions in the solicitation. Entities are not required to, nor are they able to, update their entity registration to remove these representations in SAM.

**52.252-2 Clauses Incorporated by Reference (Feb 1998)**

This solicitation incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of the clause may be accessed electronically at Internet address <https://www.acquisition.gov/far-overhaul/far-part-deviation-guide/far-overhaul-part-52>.

(End of clause)

**52.212-4 Terms and Conditions—Commercial Products and Commercial Services (Nov 2025)**

This is a commercial construction acquisition. FAR 52.212-4 is amended as follows:

(b) *Inspection/Acceptance.* Inspection and Acceptance will be conducted in accordance with FAR 52.246-12, Inspection of Construction (Aug 1996).

(d) *Changes.* Changes will be handled in accordance with the following FAR clause(s):

☒ FAR 52.243-4, Changes (Jun 2025)

☐ FAR 52.243-5, Changes and Changed Conditions (Jun 2025)

52.203-17 Contractor Employee Whistleblower Rights (Nov 2023)

52.203-19 Prohibition on Requiring Certain Internal Confidentiality Agreements or Statements (Jan 2017)

52.204-19 Incorporation by Reference of Representations and Certifications (Dec 2014)

52.222-50 Combating Trafficking in Persons (Nov 2025)

52.226-8 Encouraging Contractor Policies to Ban Text Messaging While Driving (May 2024)

52.232-39 Unenforceability of Unauthorized Obligations (Jun 2013)

52.232-40 Providing Accelerated Payments to Small Business Subcontractors (Mar 2023)

52.233-3 Protest After Award (Sep 2025)

52.233-4 Applicable Law for Breach of Contract Claim (Sep 2025)

52.240-91 Security Prohibitions and Exclusions (Nov 2025)

**GAOA Palisades Lagoon Liner & Sprinkler System Replacement  
RFQ 1240LT26Q0094**

52.244-6 Subcontracts for Commercial Products and Commercial Services (Nov 2025)  
52.253-1 Computer Generated Forms (Nov 2025)

**The following clauses are applicable if checked:**

- ☒ 52.202-1 Definitions (Jun 2020)
- ☒ 52.203-3 Gratuities (Apr 1984)
- ☒ 52.203-6 Restrictions on Subcontractor Sales to the Government (Jun 2020) with Alternate I (Nov 2021) of 52.203-6
- ☒ 52.203-12 Limitation on Payments to Influence Certain Federal Transactions (Jun 2020)

**Full Text FAR Clauses**

**FAR 52.225-9 Buy American Act-Construction Materials (Nov 2025)**

(a) *Definitions.* As used in this clause—

*Commercially available off-the-shelf (COTS) item—*

(1) Means any item of supply (including construction material) that is—

(i) A commercial product (as defined in paragraph (1) of the definition of “commercial product” at Federal Acquisition Regulation (FAR) 2.101);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in [46 U.S.C. 40102\(4\)](#), such as agricultural products and petroleum products.

**GAOA Palisades Lagoon Liner & Sprinkler System Replacement**  
**RFQ 1240LT26Q0094**

"Construction material" means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

*Cost of components means—*

- (1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the construction material (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or
- (2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

*Critical component* means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

*Critical item* means a domestic construction material or domestic end product that is deemed critical to U.S. supply chain resiliency. The list of critical items is at FAR 25.105.

*Domestic construction material means—*

- (1) For construction material that does not consist wholly or predominantly of iron or steel or a combination of both—
  - (i) An unmanufactured construction material mined or produced in the United States; or
  - (ii) A construction material manufactured in the United States, if—
    - (A) The cost of its components mined, produced, or manufactured in the United States exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029. Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic. Components of unknown origin are treated as foreign; or
    - (B) The construction material is a COTS item; or
- (2) For construction material that consists wholly or predominantly of iron or steel or a combination of both, a construction material manufactured in the United States if the cost of foreign iron and steel constitutes less than 5 percent of the cost of all components used in such construction material. The cost of foreign iron and steel includes but is not limited to the cost of foreign iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or

**GAOA Palisades Lagoon Liner & Sprinkler System Replacement**  
**RFQ 1240LT26Q0094**

forgings utilized in the manufacture of the construction material and a good faith estimate of the cost of all foreign iron or steel components excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the construction material contains multiple components, the cost of all the materials used in such construction material is calculated in accordance with the definition of "cost of components".

*Fastener* means a hardware device that mechanically joins or affixes two or more objects together. Examples of fasteners are nuts, bolts, pins, rivets, nails, clips, and screws.

*Foreign construction material* means a construction material other than a domestic construction material.

*Foreign iron and steel* means iron or steel products not produced in the United States. Produced in the United States means that all manufacturing processes of the iron or steel must take place in the United States, from the initial melting stage through the application of coatings, except metallurgical processes involving refinement of steel additives. The origin of the elements of the iron or steel is not relevant to the determination of whether it is domestic or foreign.

*Predominantly of iron or steel or a combination of both* means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

*Steel* means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

"United States" means the 50 States, the District of Columbia, and outlying areas.

(b) Domestic preference. (1) This clause implements [41 U.S.C. chapter 83](#), Buy American, by providing a preference for domestic construction material. In accordance with [41 U.S.C. 1907](#), the domestic content test of the Buy American statute is waived for construction material that is a COTS item, except that for construction material that consists wholly or predominantly of iron or steel or a combination of both, the domestic content test is applied only to the iron and steel content of the construction materials, excluding COTS fasteners. The Contractor shall use only domestic construction material in performing this contract, except as provided in paragraphs (b)(2) and (b)(3) of this clause.

(2) This requirement does not apply to information technology that is a commercial product or to the construction materials or components listed by the Government as follows: **NONE**

(3) The Contracting Officer may add other foreign construction material to the list in paragraph (b)(2) of this clause if the Government determines that-

(i) The cost of domestic construction material would be unreasonable.

(A) *For domestic construction material that is not a critical item or does not contain critical components.*

**GAOA Palisades Lagoon Liner & Sprinkler System Replacement**  
**RFQ 1240LT26Q0094**

(1) The cost of a particular domestic construction material subject to the requirements of the Buy American statute is unreasonable when the cost of such material exceeds the cost of foreign material by more than 20 percent;

(2) For construction material that is not a COTS item and does not consist wholly or predominantly of iron or steel or a combination of both, if the cost of a particular domestic construction material is determined to be unreasonable or there is no domestic offer received, and the low offer is for foreign construction material that is manufactured in the United States and does not exceed 55 percent domestic content, the Contracting Officer will treat the lowest offer of foreign construction material that exceeds 55 percent domestic content as a domestic offer and determine whether the cost of that offer is unreasonable by applying the evaluation factor listed in paragraph (b)(3)(i)(A)(1) of this clause.

(3) The procedures in paragraph (b)(3)(i)(A)(2) of this clause will no longer apply as of January 1, 2030.

*(B) For domestic construction material that is a critical item or contains critical components.* (1) The cost of a particular domestic construction material that is a critical item or contains critical components, subject to the requirements of the Buy American statute, is unreasonable when the cost of such material exceeds the cost of foreign material by more than 20 percent plus the additional preference factor identified for the critical item or construction material containing critical components listed at FAR 25.105.

(2) For construction material that does not consist wholly or predominantly of iron or steel or a combination of both, if the cost of a particular domestic construction material is determined to be unreasonable or there is no domestic offer received, and the low offer is for foreign construction material that does not exceed 55 percent domestic content, the Contracting Officer will treat the lowest foreign offer of construction material that is manufactured in the United States and exceeds 55 percent domestic content as a domestic offer, and determine whether the cost of that offer is unreasonable by applying the evaluation factor listed in paragraph (b)(3)(i)(B)(1) of this clause.

(3) The procedures in paragraph (b)(3)(i)(B)(2) of this clause will no longer apply as of January 1, 2030.

(ii) The application of the restriction of the Buy American statute to a particular construction material would be impracticable or inconsistent with the public interest; or

(iii) The construction material is not mined, produced, or manufactured in the United States in sufficient and reasonably available commercial quantities of a satisfactory quality.

(c) Request for determination of inapplicability of the Buy American statute. (1)(i) Any Contractor request to use foreign construction material in accordance with paragraph (b)(3) of this clause shall include adequate information for Government evaluation of the request, including-

(A) A description of the foreign and domestic construction materials;

(B) Unit of measure;

(C) Quantity;

**GAOA Palisades Lagoon Liner & Sprinkler System Replacement  
RFQ 1240LT26Q0094**

(D) Price;

(E) Time of delivery or availability;

(F) Location of the construction project;

(G) Name and address of the proposed supplier; and

(H) A detailed justification of the reason for use of foreign construction materials cited in accordance with paragraph (b)(3) of this clause.

(ii) A request based on unreasonable cost shall include a reasonable survey of the market and a completed price comparison table in the format in paragraph (d) of this clause.

(iii) The price of construction material shall include all delivery costs to the construction site and any applicable duty (whether or not a duty-free certificate may be issued).

(iv) Any Contractor request for a determination submitted after contract award shall explain why the Contractor could not reasonably foresee the need for such determination and could not have requested the determination before contract award. If the Contractor does not submit a satisfactory explanation, the Contracting Officer need not make a determination.

(2) If the Government determines after contract award that an exception to the Buy American statute applies and the Contracting Officer and the Contractor negotiate adequate consideration, the Contracting Officer will modify the contract to allow use of the foreign construction material. However, when the basis for the exception is the unreasonable price of a domestic construction material, adequate consideration is not less than the differential established in paragraph (b)(3)(i) of this clause.

(3) Unless the Government determines that an exception to the Buy American statute applies, use of foreign construction material is noncompliant with the Buy American statute or Balance of Payments Program.

(d) *Data.* To permit evaluation of requests under paragraph (c) of this clause based on unreasonable cost, the Contractor shall include the following information and any applicable supporting data based on the survey of suppliers:

| Foreign and Domestic Construction Materials Price Comparison |                 |          |                  |
|--------------------------------------------------------------|-----------------|----------|------------------|
| Construction material description                            | Unit of measure | Quantity | Price (dollars)* |
| Item 1:                                                      |                 |          |                  |
| Foreign construction material.                               |                 |          |                  |
| Domestic construction material.                              |                 |          |                  |

(End of clause)

**52.252-6 Authorized Deviations in Clauses (Nov 2020)**

(a) The use in this solicitation or contract of any Federal Acquisition Regulation (48 CFR Chapter 1) clause with an authorized deviation is indicated by the addition of “(DEVIATION)” after the date of the clause.

(b) The use in this solicitation or contract of any Agriculture Acquisition Regulation (48 CFR 4) clause with an authorized deviation is indicated by the addition of “(DEVIATION)” after the name of the regulation.

(End of clause)

**Full Text AGAR Clauses**

**AGAR 452.203-71 Anti-Discrimination and Diversity, Equity, and Inclusion (DEI) Compliance (MAY 2026)**

(a) By entering into this contract, the contractor certifies that:

1. It is compliant with all applicable Federal anti-discrimination laws and the Equal Protection principles of the U.S. Constitution, and it will remain compliant for the duration of the contract.
2. Neither it nor any subcontractor or teaming partner operates or funds any program, policy, or initiative that promotes DEI in a manner that violates any applicable Federal anti-discrimination laws, including but not limited to Title VI and VII of the Civil Rights Act of 1964, or the Equal Protection principles of the U.S. Constitution, and the contractor and any subcontractor or teaming partner will not do so for the duration of the contract.

**GAOA Palisades Lagoon Liner & Sprinkler System Replacement  
RFQ 1240LT26Q0094**

(b) If the contractor participates in, facilitates, or funds programs that implicate Title VI of the Civil Rights Act of 1964 or Title IX of the Education Amendments of 1972, as amended, including but not limited to grants to or for schools, colleges, universities, 4-H programs, non-governmental organization (NGO) programs, sports programs, and education-related grants to prisons or other detention facilities, the contractor certifies that it will remain compliant with those laws, including the requirements set forth in Executive Order 14168, Defending Women from Gender Ideology Extremism and Restoring Biological Truth to the Federal Government, and Executive Order 14173, Ending Illegal Discrimination and Restoring Merit-Based Opportunity.

(c) The contractor affirms that the above requirements are conditions of payment that go to the essence of the contract and are therefore material terms of the contract. Payments under the contract are predicated on compliance with the above requirements, and therefore the contractor is not eligible for funding under the contract or to retain any funding under the contract absent compliance with the above requirements.

(d) This certification reflects a change in the Government's position regarding the materiality of the foregoing requirements and therefore any prior payment of similar claims does not reflect the materiality of the foregoing requirements to this contract.

(e) Submission of a knowing false statement relating to contractor's compliance with the above requirements and/or eligibility for the contract may subject the contractor to liability under the False Claims Act, 31 U.S.C. § 3729, and/or criminal liability, including under 18 U.S.C. §§ 287 and 1001.

(f) The contractor must include the provisions of this clause in all subcontract solicitations.

(g) Failure on the part of the contractor or its subcontractors to comply with the terms of this clause may be grounds for the Contracting Officer to terminate this contract for default.

(End of Clause)

**AGAR 452.203-72 Unenforceable Supplier Terms (APR 2026)**

(a) Definitions.

*Supplier terms* mean provisions customarily drafted by vendors of supplies or services and intended to create a binding legal obligation on the end user. The term applies:

- (1) Regardless of the format or style of the document. For example, supplier terms may appear in standard terms of sale or lease, Terms of Service (TOS), End User License Agreement (EULA), or another similar legal instrument or agreement, and may be presented as part of a proposal or quotation responding to a solicitation for a contract or order or otherwise become effective after the contract date.
- (2) Regardless of the media or delivery mechanism used. For example, supplier terms may be presented as one or more paper documents or may appear on a computer or other electronic

**GAOA Palisades Lagoon Liner & Sprinkler System Replacement**  
**RFQ 1240LT26Q0094**

device screen during a purchase, software installation, other product delivery, registration for a service, or another transaction.

(b) **Applicability.** When any supply or service acquired under this contract is subject to supplier terms, the supplier terms are deemed part of the contract only to the extent they are consistent with this clause. Supplier terms that conflict with any part of this clause, the contract, or Federal law are void and will not be considered incorporated into a contract, even if they are physically present in a contract documentation or systems. In the event of any inconsistency between supplier terms and this contract, this clause and the terms of the Government contract shall govern and supersede any supplier terms in all cases.

(c) **Authorization Required.** Notwithstanding any other provision, no supplier terms shall be binding on the Government unless the term is expressly authorized on the USDA Supplier Terms Authorization Form signed by the Contracting Officer, and the completed Authorization Form has been incorporated into the contract.

(d) **Unenforceable Terms.** Any supplier terms that impose obligations or restrictions inconsistent with applicable Federal law are unenforceable against the Government and deemed stricken from the agreement. This includes, but is not limited to, any clause that:

- (1) Requires the Government to pay future fees, penalties, interest, legal costs, early-termination fees, cancellation fees, minimum purchase commitments, true-up payments, seat-count minimums, usage minimums, continued-use charges, or any other financial obligation not expressly authorized by the contract.
- (2) Requires the Government to indemnify the contractor or any other entity.
- (3) Restricts the Government's ability to obtain similar supplies or services from another source.
- (4) Imposes any penalty, financial or otherwise, based on the Government's decision not to exercise an option.
- (5) Subjects the United States Government to the laws of any U.S. state, territory, district, municipality, or foreign nation, except where Federal law expressly permits such application.
- (6) Requires dispute resolution in a forum or venue other than one prescribed by applicable Federal law.
- (7) Establishes a period of limitations for bringing an action that differs from that provided by applicable Federal law.
- (8) Grants the contractor rights to use, mine, access, aggregate, analyze, or otherwise exploit Government data, usage data, or metadata.
- (9) Deems the Government to have accepted initial or revised terms based on silence, continued performance, or failure to object.

**GAOA Palisades Lagoon Liner & Sprinkler System Replacement**  
**RFQ 1240LT26Q0094**

- (10) Grants the supplier the right to audit Government facilities, systems, records, or use of the product or service, except as expressly authorized by the contract and applicable Federal law.
  - (11) Requires the Government to accept supplier security requirements, network access requirements, monitoring, penetration testing, or other technical or security measures.
  - (12) Permits the supplier to suspend, degrade, or terminate access to products or services based on alleged non-payment, alleged breach, automated security triggers.
  - (13) Limits the Government's right to use, install, access, test, evaluate, or transfer the licensed product or service in any manner consistent with the contract and Federal law.
  - (14) Requires the Government to store, process, maintain, or transmit data in a particular geographic location, or permits the supplier to transfer Government data outside the United States, except as expressly authorized by applicable Federal law.
  - (15) Authorizes the supplier to use the Government's name, seal, trademark, logo, or any reference to the Government as an end user or customer for marketing, publicity, promotional activities, press releases, or similar purposes.
  - (16) Incorporates by reference, or requires the Government to accept, terms or conditions imposed by any third party, subcontractor, or upstream service provider, unless such terms are expressly incorporated into the contract by bilateral modification.
  - (17) Limits, conditions, or negates the contractor's performance obligations, service levels, or remedies through a supplier-provided service level agreement (SLA).
  - (18) Uses Government data, usage data, metadata, prompts, content, or interactions to train, fine-tune, improve, or derive any artificial intelligence, machine learning, or automated decision-making model.
  - (19) Subjects the Government to automated decision-making, automated risk scoring, automated content moderation, or any algorithmic process that may affect access, performance, or rights under the contract.
  - (20) Utilizes artificial intelligence or algorithmic tools that produce decisions, recommendations, or outputs affecting contract performance without providing transparency, explainability, auditability, and bias-mitigation consistent with applicable Federal law and policy.
  - (21) Profiles, tracks, or analyzes Government user behavior, preferences, communications, or interactions for personalization, marketing, or algorithmic optimization purposes.
- (e) Non-binding Actions. Neither the Government nor any Government authorized end user is deemed to have consented to any term, condition, or clause by virtue of its inclusion in the supplier agreement or through the use of clickwrap, browwrap, "I agree" mechanisms, or similar means.

**GAOA Palisades Lagoon Liner & Sprinkler System Replacement**  
**RFQ 1240LT26Q0094**

Execution of such mechanisms does not bind the Government or its authorized end users to any unenforceable terms.

(f) End user. The supplier agreement shall bind the ordering activity as the end user to the extent it does not conflict with the terms of this clause, but it shall not bind or impose personal liability on any Government employee or any person acting on behalf of the Government in their personal capacity.

(g) Law and disputes. The supplier agreement is governed by Federal law.

(h) Statutory exception. This clause does not apply to indemnification or any other payment by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.

(i) Continued performance. The supplier or licensor shall not unilaterally revoke, terminate, or suspend any rights granted to the Government except as allowed by the contract. If the supplier or licensor believes the ordering activity to be in breach of the supplier agreement, it shall pursue its rights under the Contract Disputes Act or other applicable Federal statute while proceeding diligently with performance, pending final resolution of any dispute in accordance with the Disputes Clause at FAR 52.212-4(d) or FAR 52.233-1, as applicable.

(j) Arbitration. Binding arbitration shall not be used unless specifically authorized by agency guidance.

(k) Equitable or injunctive relief. Equitable or injunctive relief, including the award of attorney fees, costs, or interest, may be awarded against the United States Government only when explicitly provided by statute (e.g., the Prompt Payment Act or the Equal Access to Justice Act).

(l) Revisions to supplier agreements. Any revisions to the supplier agreement must be incorporated into the contract using a bilateral modification. Unilateral revisions are not binding on the Government.

(m) No automatic renewals. If any license or service tied to periodic payment is provided under the supplier agreement (e.g., annual software maintenance or annual lease term), such license or service shall not renew automatically upon expiration of its current term without prior express written consent from an authorized Government representative.

(n) Indemnification. Any clause of the supplier agreement requiring the supplier or licensor to defend or indemnify the end user is amended to provide that the U.S. Department of Justice has the sole right to represent the United States in any such action, in accordance with 28 U.S.C. 516.

(o) Taxes or surcharges. Any taxes or surcharges which the supplier or licensor seeks to pass along to the Government as end user will be governed by the terms of the associated Government contract or order and must be submitted to the Contracting Officer for a determination of applicability prior to invoicing unless specifically agreed otherwise.

**GAOA Palisades Lagoon Liner & Sprinkler System Replacement  
RFQ 1240LT26Q0094**

(p) Non-assignment. The supplier agreement may not be assigned, nor may any rights or obligations thereunder be delegated, without the Government's prior approval, except as expressly permitted by FAR 52.212-4(b) or FAR 52.232-23, as applicable.

(q) Confidential information. If the supplier agreement includes a confidentiality clause, such clause is amended to state that neither the agreement nor the contract price list, as applicable, shall be deemed "confidential information." Issues regarding release of "unit pricing" will be resolved consistent with the Freedom of Information Act. Notwithstanding anything in the supplier agreement to the contrary, the Government may retain any confidential information as required by law, regulation, or its internal document retention procedures for legal, regulatory, or compliance purposes; provided, however, that all such retained confidential information will continue to be subject to the confidentiality obligations of the supplier agreement.

(r) Conflict with Federal law. If any other language, provision, or clause of the supplier agreement conflicts or is inconsistent with Federal law or the terms and conditions of this contract, such language, provisions, or clauses will be considered null and void and will not be binding on the United States Government.

(End of Clause)

**AGAR 452.204-70 Modification for Contract Closeout (APR 2026)**

(a) If unliquidated funds in the amount of \$1000 or less remain on the contract, the Contracting Officer (Contracting Officer) may issue a unilateral modification for deobligation. The contractor will receive a copy of the modification but is not required to provide a signature. The Contracting Officer will immediately proceed with contract closeout upon completion of the period of performance, receipt and acceptance of supplies or services, and final payment.

(b) For commercial contracts not exceeding the simplified acquisition procedure threshold under FAR 12.001(c), if more than \$1,000 in unliquidated funds remain at closeout, the Contracting Officer will issue a bilateral deobligation modification. Only the modification requires the contractor's signature, though a Release of Claims may be requested. If the required documents are not returned within 60 days, the Contracting Officer will issue a unilateral modification and proceed with closeout once performance is complete, acceptance is confirmed, and final payment is made.

(c) For all other non-commercial or non-cost-reimbursement contracts, if more than \$1,000 in unliquidated funds remain at closeout, the Contracting Officer will issue a bilateral deobligation modification and a Release of Claims, both requiring contractor signature. If these documents are not returned within 120 days, the Contracting Officer will issue a unilateral modification and proceed with closeout upon completion of performance, acceptance, and final payment.

(End of Clause)

**AGAR 452.211-73 Variation in Estimated Quantity (SEP 2025)**

If the actual quantity of a unit-priced item varies by more than 15% from the estimated quantity, either party may request an equitable adjustment in the contract price. The adjustment will be based

**GAOA Palisades Lagoon Liner & Sprinkler System Replacement  
RFQ 1240LT26Q0094**

on cost changes due to variations above 115% or below 85% of the estimated quantity. If this variation delays completion, the Contractor may request a time extension in writing. The request must be received by the Contracting Officer within 10 days of the delay's start or within such further period granted by the Contracting Officer before the final contract settlement. The Contracting Officer will review the request and, if justified, extend the completion date.

(End of clause)

**AGAR 452.232-71 Progress Payments for Commercial Construction Contracts (MAY 2026)**

(a) *Contractor entitlement to progress payments.* The contractor may request progress payments monthly as the work proceeds, or at more frequent intervals as determined by the Contracting Officer, on estimates of work accomplished that meets the standards of quality established under the contract, as approved by the Contracting Officer.

(b) *Computation of amounts.* Progress payments will be authorized when the payment requested is properly due in accordance with this contract; the work will be performed in accordance with the contract; and there has been no impairment or diminution of the Government's security under this contract. The Contracting Officer may authorize consideration of:

1. Materials delivered on site and preparatory work;
2. Materials delivered to the contractor at locations other than the site, if:
  - i. Specifically authorized by the contract; and
  - ii. The contractor provides satisfactory evidence of title and intended use in the contract.
- iii.

(c) *Contractor request for progress payments.* The contractor's request for progress payments must include the following:

1. An itemization of the amounts requested, related to the various elements of work required by the contract;
2. A listing of the amount included for work performed by each subcontractor;
3. A listing of the total amount of each subcontract;
4. A listing of the amounts previously paid to each subcontractor; and
5. Additional supporting data in a form and detail required by the Contracting Officer.

(d) *Contractor Certification.* Each request for progress payment must be accompanied by the following certification:

I hereby certify, to the best of my knowledge and belief, that—

1. The amounts requested are only for performance in accordance with the specifications, terms, and conditions of the contract;
2. All payments due to subcontractors and suppliers from previous payments received under the contract have been made, and timely payments will be made from the proceeds of the payment covered by this certification, in

**GAOA Palisades Lagoon Liner & Sprinkler System Replacement  
RFQ 1240LT26Q0094**

accordance with subcontract agreements and the requirements of Chapter 39 of Title 31, United States Code;

3. This request for progress payments does not include any amounts which the prime contractor intends to withhold or retain from a subcontractor or supplier in accordance with the terms and conditions of the subcontract; and
4. This certification is not to be construed as final acceptance of a subcontractor's performance.

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

(name)  
(title)  
(date)

(e) *Access for verification of payment entitlement.* To verify the contractor's entitlement to progress payments under this contract, the contractor must provide the Government, upon request and during normal business hours, access to the following:

1. Records and Documentation:

- i. Certified progress payment requests and supporting documentation;
- ii. Subcontractor and supplier invoices, payment records, and lien waivers;
- iii. Updated schedule of values and progress schedules;
- iv. Quality assurance and inspection reports;
- v. Payroll records, if applicable under labor provisions.

2. Facilities and Worksite Access:

- i. Physical access to the construction site for inspection of work progress;
- ii. Access to off-site storage locations for materials billed but not yet incorporated into the work; or
- iii. Access to any fabrication facilities where contract-related work is being performed.

3. Access to electronic invoicing or project management systems used to track progress and payments, if such systems are used in contract performance.

(f) *Dates for payment.* A progress payment under this clause is a contract progress payment under the Prompt Payment clause of this contract, and except as provided in paragraph (g) of this clause, approved requests must be paid within 30 days of submittal of a proper request for payment.

(g) *Liquidation of progress payments.* Progress payments must be liquidated by deducting from the payment of each item the total unliquidated amount of progress payments made for that separately priced unit of that line item. The liquidation amounts for each line item must be clearly delineated in each request for progress payment submitted by the contractor.

(h) *Security for progress payments.* In the event the contractor fails to provide adequate security as required in this contract, no progress payment must be made under this contract. Upon receipt of adequate security, progress payments must be made, including all previous

**GAOA Palisades Lagoon Liner & Sprinkler System Replacement  
RFQ 1240LT26Q0094**

payments to which the contractor is entitled, in accordance with the terms of the contract. If at any time the Contracting Officer determines that the security provided by the contractor is insufficient, the contractor must promptly provide such additional security as the Contracting Officer determines necessary. In the event the contractor fails to provide such additional security, the Contracting Officer may collect or liquidate such security that has been provided, and suspend further payments to the contractor; the contractor must repay to the Government the amount of unliquidated progress payments as the Contracting Officer at his sole discretion deems repayable.

(i) *Special terms regarding termination for cause.* If this contract is terminated for cause, the contractor must, on demand, repay the Government the amount of unliquidated progress payments. The Government must be liable for no payment except as provided by the Termination for Cause paragraph of the clause at Federal Acquisition Regulation 52.212-4, Contract Terms and Conditions—Commercial Products and Commercial Services.

(j) *Reservation of rights.*

1. No payment, vesting of title under this clause, or other action taken by the Government under this clause must-
  - i. Excuse the contractor from performance of obligations under this contract; or
  - ii. Constitute a waiver of any of the rights or remedies of the parties under the contract.
2. The Government's rights and remedies under this clause-
  - i. Shall not be exclusive, but rather must be in addition to any other rights and remedies provided by law or this contract; and
  - ii. Shall not be affected by delayed, partial, or omitted exercise of any right, remedy, power, or privilege, nor must such exercise or any single exercise preclude or impair any further exercise under this clause or the exercise of any other right, power, or privilege of the Government.

(k) *Refund of unearned amounts.* If the contractor, after making a certified request for progress payments, discovers that a portion or all of such request constitutes a payment for performance by the contractor that fails to conform to the specifications, terms, and conditions of this contract (hereinafter referred to as the "unearned amount"), the contractor must-

1. Notify the Contracting Officer of such performance deficiency; and
2. Be obligated to pay the Government an amount (computed by the Contracting Officer in the manner provided in paragraph (j) of this clause) equal to interest on the unearned amount from the 8th day after the date of receipt of the unearned amount until-
  - i. The date the contractor notifies the Contracting Officer that the performance deficiency has been corrected; or
  - ii. The date the contractor reduces the amount of any subsequent certified request for progress payments by an amount equal to the unearned amount.

(l) *Retainage.* If the Contracting Officer finds that satisfactory progress was achieved during any period for which a progress payment is to be made, the Contracting Officer must authorize payment to be made in full. However, if satisfactory progress has not been made, the

**GAOA Palisades Lagoon Liner & Sprinkler System Replacement**  
**RFQ 1240LT26Q0094**

Contracting Officer may retain a maximum of 10 percent of the amount of the payment until satisfactory progress is achieved. When the work is substantially complete, the Contracting Officer may retain from previously withheld funds and future progress payments that amount the Contracting Officer considers adequate for protection of the Government and must release to the contractor all the remaining withheld funds. Also, on completion and acceptance of each separate building, public work, or other division of the contract, for which the price is stated separately in the contract, payment must be made for the completed work without retention of a percentage.

(m) *Title, liability, and reservation of rights.* All material and work covered by progress payments made must, at the time of payment, become the sole property of the Government, but this must not be construed as-

1. Relieving the contractor from the sole responsibility for all material and work upon which payments have been made or the restoration of any damaged work; or
2. Waiving the right of the Government to require the fulfillment of all the terms of the contract.
3. The Government's rights and remedies under this clause-
  - i. Shall not be exclusive, but rather must be in addition to any other rights and remedies provided by law or this contract; and
  - ii. Shall not be affected by delayed, partial, or omitted exercise of any right, remedy, power, or privilege, nor must such exercise or any single exercise preclude or impair any further exercise under this clause or the exercise of any other right, power, or privilege of the Government.

(n) *Reimbursement for bond premiums.* In making these progress payments, the Government must, upon request, reimburse the contractor for the amount of premiums paid for performance and payment bonds (including coinsurance and reinsurance agreements, when applicable) after the contractor has furnished evidence of full payment to the surety. The retainage provisions in paragraph (l) of this clause must not apply to that portion of progress payments attributable to bond premiums.

(o) *Final payment.* The Government must pay the amount due to the contractor under this contract after-

1. Completion and acceptance of all work;
2. Presentation of a properly executed voucher; and
3. Presentation of release of all claims against the Government arising by virtue of this contract, other than claims, in stated amounts, that the contractor has specifically excepted from the operation of the release. A release may also be required of the assignee if the contractor's claim to amounts payable under this contract has been assigned under the Assignment of Claims Act of 1940 ( [31 U.S.C.3727](#) and [41 U.S.C. 6305](#)).
- 4.

(p) *Limitation because of undefinitized work.* Notwithstanding any provision of this contract, progress payments must not exceed 80 percent on work accomplished on undefinitized

**GAOA Palisades Lagoon Liner & Sprinkler System Replacement  
RFQ 1240LT26Q0094**

contract actions. A "contract action" is any action resulting in a contract, as defined in FAR subpart 2.1, including contract modifications for additional supplies or services, but not including contract modifications that are within the scope and under the terms of the contract, such as contract modifications issued pursuant to the Changes clause, or funding and other administrative changes.

(End of clause)

**Minimum Insurance Coverage Requirements**

Pursuant to FAR clause FAR 52.228-5, Insurance-Work on a Government Installation paragraph (a), The Contractor shall, at its own expense, provide and maintain during the entire performance of this contract, at least the kinds and minimum amounts of insurance required, as stated below:

- (1) Workers Compensation and Employer's Liability. The Contractor must comply with applicable Federal and State workman's compensation and occupational disease statutes. If these diseases are not covered, they must be included under the employer's liability section of the policy, unless contract operations are commingled with the Contractor's commercial operations. Employer's liability coverage of at least \$100,000 is required, except in States with exclusive or monopolistic funds that prohibit private carriers from providing workers' compensation.
- (2) General Liability. The Contractor must have bodily injury liability insurance coverage written on a comprehensive form of policy of at least \$500,000 per occurrence.
- (4) Automobile Liability. The Contractor must have automobile liability insurance covering bodily injury and property damage for all vehicles used in the contract. For U.S. operations, the coverage must be at least \$200,000 per person, \$500,000 per occurrence for bodily injury, and \$20,000 per occurrence for property damage or loss.
- (5) Aircraft Public and Passenger Liability. When using aircraft for the contract, the Contractor must have aircraft public and passenger liability insurance. Coverage must be at least \$200,000 per person, \$500,000 per occurrence for bodily injury, excluding passengers. For passenger injury, coverage must be at least \$200,000 multiplied by the number of seats or passengers, whichever is greater.

RFQ 1240LT26Q0094**

**Solicitation Information**

**Award Type**

This solicitation and any resulting contract is a firm-fixed price type of contract, which under the definition in FAR 16.202-1, “this type of contract provides for a price that is not subject to any adjustment on the basis of the contractor’s cost experience in performing the contract. This contract type places upon the contractor maximum risk and full responsibility for all costs and resulting profit or loss.”

The Government intends to make one award from this solicitation. Therefore, to be considered responsive, contractors must submit pricing for all items.

**Evaluation and Basis for Award**

The provision at FAR 52.212-2, Evaluation—Commercial Products and Commercial Services is not applicable to this solicitation. In lieu of this provision, quotes will be evaluated in accordance with FAR 12.203 based on the criteria listed below. Award will be made to the vendor representing the best value to the Government.

The Government intends to evaluate quotations using a **comparative evaluation** methodology. This means quotations will be compared against one another to determine which provides the best value to the Government, based on the evaluation factors outlined below. The Government may consider quotations that exceed minimum requirements and offer additional value or benefits, even if they are not the lowest priced. However, formal tradeoff procedures will not be conducted. Initial proposals which do not include responses to any one of the technical factors will not be considered further.

**Technical Proposal:**

**(1) Factor 1: Technical and Project Management:**

(i) Subfactor 1 – Technical Approach: When evaluating the firm’s Technical Approach to Performing this project, the Government will assess the understanding, reasonableness, logic and realism of the firm’s proposed approach to scheduling, executing, managing and completing this project.

(ii) Subfactor 2 – Project Management and Oversight: The Government will assess and evaluate the overall organizational structure and resumes for key personnel as submitted with focus on experience and expertise in the types of work required under the scope of work for this project.

(iii) Subfactor 3 – Performance Schedule: The firm will be evaluated for a schedule within the mandatory period of performance with logical work progression, represents the least amount of disruption to tenants, to meet the requirements of the statement of work and specification requirements.

**GAOA Palisades Lagoon Liner & Sprinkler System Replacement  
RFQ 1240LT26Q0094**

**(2) Factor 2: Experience**

The Government will assess the specialized experience, capabilities, and skill of the firm as an organization, with a focus on technical experience that is relevant to the specified project. Relevant experience is one that is similar in nature or scope to the technical experience required for this project.

**(3) Factor 3: Past Performance**

Past performance is a measure of the degree to which the firm (including major subcontractors) has satisfied previous customers and complied with Federal, State and Local laws and regulations. The Government may contact references to assess the quality of the contractor's work, timely completion, project management, and compliance with regulatory requirements. The Government will consider the currency and relevance of the information, source of the information, context of the data and general trends in contractor performance. The Government reserves the right to consider all aspects of a firm's performance history but will attribute more significance to recent work comparable in scope to this solicitation.

The past performance evaluation will characterize the level of the Government's confidence that the firm will successfully complete the work, in compliance with all contract requirements, based on its record of successful performance on recent and relevant similar projects. In addition to past performance information submitted by the firm, the Government may use personal knowledge or information obtained from other sources, such as CPARS, Federal Awardee Performance and Integrity Information System (FAPIIS), or any other sources available to the Government, in its evaluation of a firm's past performance.

Where there is little or no information available regarding the firm's past performance history because the firm is new to the marketplace, the past performance evaluation may take into account information regarding predecessor companies, key personnel who have relevant experience, or subcontractors that will perform major or critical aspects of the work.

Note: The assessment of past performance is separate from the responsibility determination required under FAR Subpart 9.1.

Assessment: Based on the recency, relevancy, and quality of past performance, the Government will assign one of the following ratings:

Acceptable – Government has a high expectation of successful performance.

Unacceptable – Government has concerns about successful performance.

Neutral – No relevant past performance available; no positive or negative inference will be made.

**Price Quote:** The proposed price will be evaluated for reasonableness in accordance with FAR 12.204. This criterion will include consideration of cost information provided in the Schedule of Items (Attachment 2). It is the Government's intent to assess the price/cost breakdown to determine: (1) Reasonableness (Adequate price competition and comparison to the IGE will

**GAOA Palisades Lagoon Liner & Sprinkler System Replacement  
RFQ 1240LT26Q0094**

establish a fair and reasonable price), and (2) Price Consistency (Unit prices will be evaluated to determine if costs/prices are balanced and consistent with Government cost estimates and those of other quotes).

(End of provision)

**Date, Time, and Place Quotes are due:**

**All documents shall be Microsoft Word, Microsoft Excel, or Adobe PDF. Each part shall be separate, complete, and clearly identified. Documents are to be emailed to the Contract Specialist Judith Martin at [PPS.proposals@usda.gov](mailto:PPS.proposals@usda.gov) no later than the date and time specified on the SF-1442 or any Amendment that extends the time and date. Please include the solicitation name and number as the subject line of the email. It is the vendor's responsibility to ensure delivery of all required documents by the date and time set for receipt of quotes. Quotes received after the exact date and time specified for receipt of quotes will not be considered. Contact the Contract Specialist by email at [Judith.martin@usda.gov](mailto:Judith.martin@usda.gov) if you do not understand any part of these instructions.**

**Site Visit:**

The clauses at 52.236-2, Differing Site Conditions, and 52.236-3, Site Investigations and Conditions Affecting the Work will be included in any contract awarded as a result of this solicitation. Accordingly, Contractors are urged and expected to inspect the site where the work will be performed.

(a) An organized site visit has been scheduled for: **August 26, 2026 @ 10:00 a.m. MST.**

(b) Participants will meet at: **From Tucson AZ, proceed up the Catalina (Mt Lemmon) Highway, the site is located behind the Palisades Visitor Center complex at MP 21.**

**FAR 52.212-1 Instructions to Offerors – Commercial Products and Commercial Services (NOV 2025) Addenda to provision FAR 52.212-1:**

***Addenda to Provision FAR 52.212-1 paragraph (a) Submission of Offers:***

NOTE: To assist in the evaluation, you should number your responses to correspond with the criterion being addressed. As a minimum, the technical portion of your proposal must clearly provide the following information:

**a. Technical Proposal Instructions:**

**1) Factor 1. Technical and Project Management**

(i) Subfactor 1 - Technical Approach: Describe your firm's planned approach to performing this project. Include (1) the type of equipment to be used; (2) logistical and transportation process of crew/equipment and material delivery; (3) crew

**GAOA Palisades Lagoon Liner & Sprinkler System Replacement**  
**RFQ 1240LT26Q0094**

accommodations, if applicable; (4) name of major subcontractors to be used and their roles on the project; and (5) biobased products to be used in the accomplishment of the work.

(ii) Subfactor 2 - Project Management and Oversight: Provide an organizational chart and/or summary of the overall company organizational structure, from principle/ownership level to field level. Additionally, provide resumes for staff members for each of the following key positions. Resumes should be no more than two (2) pages for each individual:

- Project Manager(s)
- Site Superintendent(s)
- Quality Control Manager(s)
- Safety Officer(s)

(iii) Subfactor 3 – Performance Schedule: The performance schedule shall be presented in the form of a time scaled Network Diagram, CPM Schedule, or a Gantt chart, clearly showing the critical path, indicating commencement, planned sequencing, and completion of the entire project within the required contract period of performance. The schedule shall be in sufficient detail to clearly show each portion of work and its planned commencement and completion dates. Performance period shall be provided in calendar days. Where applicable, include estimated production rates. The period shall include all time aspects of the work, including advance ordering of long lead items.

**2) Factor 2. Experience:** Provide a narrative of at least three (3) but not more than five (5) projects of similar scope, magnitude and geographic area of the scope of this project. Projects shall have been in progress or completed within 5 years of the solicitation issue date. Each project narrative shall be no more than 2 pages long and include the following information:

- a. - Project name/title
- b. - Geographic location (ie: closest City, State)
- c. - Dates of performance
- d. - Description of the work performed
- e. - Role on the project: State if role was Prime or Subcontractor and what work was performed in that role.
- f. - Contract value/ value of work performed
- g. - Customer name/organization
- h. - Contracting officer or customer name, phone number and email address
- i. - Any challenges encountered and how they were overcome or resolved

**3) Factor 3. Past Performance:** Submit a list of relevant past or ongoing work the firm has performed within the past 5 years, along with contact information so that the Government may query prior customers. Relevant past work means work that is similar in nature or scope to this project. Information should include:

- (1) the project name or title;
- (2) location;
- (3) description of the work the firm performed on the project;
- (4) dollar value;

**GAOA Palisades Lagoon Liner & Sprinkler System Replacement  
RFQ 1240LT26Q0094**

- (5) company or organization name of project owner; and
- (6) Point of Contact (POC) name/phone/email of project owner representative.

The firm may provide information on problems encountered on the identified projects and the firm's corrective actions. The firm may provide a signed letter from the project owner specifying the work performance of the company on the project and/or a completed CPARS report from a government customer for projects listed.

If using subcontractors that have a meaningful involvement in contract performance, please describe their work completed within the past 3 years. The Government may consider the relevant past performance history of key individuals and subcontractors in evaluating past performance. The Government may contact a sample of your past customers concerning the quality of services provided by your firm and your subcontractors; timeliness of performance; business relations during project management such as flexibility, problem solving, and cooperation; customer satisfaction; and cost control.

**b. Price Quote Instructions:**

**1) Signed Standard Form 1442**, Solicitation/Offer/Award (Construction, Alteration, Repair), with blocks 14 – 20c completed by the Contractor.

**2) Schedule of Items (Attachment 2)**, may be submitted either in an Excel spreadsheet or in the Adobe Acrobat PDF format. Contractors shall submit a quote for all Items in the Schedule of Items. Failure to comply with the instructions may render your proposal nonresponsive and ineligible for contract award. In the event of an error in extending the proposed prices, unit prices will govern, unless otherwise determined by the Contracting Officer, in accordance with applicable regulations.

**3) Acknowledgement of solicitation amendments (if any)**. This can be accomplished by completing section 19 on the SF-1442 or by submitting the signed SF-30(s) from SAM.gov with your price proposal.

**4) Scanned copy of fully executed Bid Guarantee** (Standard Form 24 and Power of Attorney). The SF-24 shall be used for Bid Bonds - <https://www.gsa.gov/reference/forms/bid-bond>

**Questions:**

Inquiries and all correspondence concerning this solicitation should be submitted in writing to the Contract Specialist. Contractors should contact only the Contract Specialist issuing the solicitation about any aspect of this requirement prior to contract award. Inquiries may be emailed to the Contract Specialist Judith Martin at [PPS.proposals@usda.gov](mailto:PPS.proposals@usda.gov) no later than **August 28, 2026 at 5:00 p.m. MST**. Please include the solicitation name and number as the subject line of the email.

**Full text provisions:**

**FAR 52.228-1 Bid Guarantee (SEP 1996)**

(a) Failure to furnish a bid guarantee in the proper form and amount, by the time set for opening of bids, may be cause for rejection of the bid.

(b) The bidder shall furnish a bid guarantee in the form of a firm commitment, e.g., bid bond supported by good and sufficient surety or sureties acceptable to the Government, postal money

**GAOA Palisades Lagoon Liner & Sprinkler System Replacement  
RFQ 1240LT26Q0094**

order, certified check, cashier's check, irrevocable letter of credit, or, under Treasury Department regulations, certain bonds or notes of the United States. The Contracting Officer will return bid guarantees, other than bid bonds –

(1) To unsuccessful bidders as soon as practicable after the opening of bids, and (2) To the successful bidder upon execution of contractual documents and bonds (including any necessary coinsurance or reinsurance agreements), as required by the bid as accepted.

**(a) The amount of the bid guarantee shall be 20 percent of the bid price.**

(d) If the successful bidder, upon acceptance of its bid by the Government within the period specified for acceptance, fails to execute all contractual documents or furnish executed bond(s) within 10 days after receipt of the forms by the bidder, the Contracting Officer may terminate the contract for default.

(e) In the event the contract is terminated for default, the bidder is liable for any cost of acquiring the work that exceeds the amount of its bid, and the bid guarantee is available to offset the difference.

(End of provision)

**FAR 52.252-5 Authorized Deviations in Provisions (Nov 2020)**

(a) The use in this solicitation of any Federal Acquisition Regulation (48 CFR Chapter 1) provision with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the provision.

(b) The use in this solicitation of any Agriculture Acquisition Regulation (48 CFR Chapter 4) provision with an authorized deviation is indicated by the addition of "(DEVIATION)" after the name of the regulation.

(End of provision)

**AGAR Provisions:**

**AGAR 452.203-70 Anti-Discrimination and Diversity, Equity, and Inclusion (DEI)  
Certification (DEC 2025)**

(a) By submission of its offer, the offeror certifies that:

1. It is compliant with all applicable Federal anti-discrimination laws and the Equal Protection principles of the U.S. Constitution.

2. Neither it nor any proposed subcontractor or teaming partner operates or funds any program, policy, or initiative that promotes DEI in a manner that violates any applicable Federal anti-discrimination laws, including but not limited to Title VI and VII of the Civil Rights Act of 1964, or the Equal Protection principles of the U.S. Constitution.

**GAOA Palisades Lagoon Liner & Sprinkler System Replacement  
RFQ 1240LT26Q0094**

- (b) If the offeror participates in, facilitates, or funds programs that implicate Title VI of the Civil Rights Act of 1964 or Title IX of the Education Amendments of 1972, as amended, including but not limited to grants to or for schools, colleges, universities, 4-H programs, non-governmental organization (NGO) programs, sports programs, and education-related grants to prisons or other detention facilities, by submission of its offer, the offeror certifies that it is compliant with those laws, including the requirements set forth in Executive Order 14168, Defending Women from Gender Ideology Extremism and Restoring Biological Truth to the Federal Government, and Executive Order 14173, Ending Illegal Discrimination and Restoring Merit-Based Opportunity.
  - (c) The offeror affirms that the above requirements are conditions of payment that go to the essence of the contract and are therefore material terms of the contract. Payments under the contract are predicated on compliance with the above requirements, and therefore the offeror will not be eligible for funding under the contract or to retain any funding under the contract absent compliance with the above requirements.
  - (d) This certification reflects a change in the Government's position regarding the materiality of the foregoing requirements and therefore any prior payment of similar claims does not reflect the materiality of the foregoing requirements to this contract.
  - (e) Submission of a knowing false statement relating to offeror's compliance with the above requirements and/or eligibility for the contract may subject the offeror to liability under the False Claims Act, 31 U.S.C. § 3729, and/or criminal liability, including under 18 U.S.C. §§ 287 and 1001.
  - (f) Failure on the part of the offeror or its subcontractors to comply with the terms of this clause may be grounds for the Contracting Officer to terminate the contract for default.
- (End of Provision)

**GAOA Palisades Lagoon Liner & Sprinkler System Replacement  
RFQ 1240LT26Q0094**

**NOTICE FOR FILING AGENCY PROTESTS  
United States Department of Agriculture (USDA) Protest Procedures**

The United States Department of Agriculture (USDA) is committed to fair, transparent, and efficient acquisitions. Interested parties with concerns about this solicitation are encouraged to seek resolution through the following USDA procedures.

**Tier 1: Contracting Officer Concern Resolution**

**Submission:** Interested parties with concerns about either the solicitation or subsequent award should first submit their concern directly to the Contracting Officer, providing sufficient detail to allow the Contracting Officer to understand and assess the issue.

**Process:** The Contracting Officer will review the concern, seek clarification as needed, and engage with the interested party to attempt prompt resolution.

**Review Timeline:** The Contracting Officer will make every effort to provide a response or resolution within 10 business days of receiving the concern.

**Effect on Award or Performance:** Tier 1 engagement is not considered an official notification of filing an agency protest and does not pause solicitation deadlines, delay award decisions, or suspend contract performance.

**Next Steps:** If the matter cannot be resolved at Tier 1, the interested party may file a written agency protest under Tier 2.

USDA encourages all parties to seek resolution with the Contracting Officer before filing an agency protest.

**Tier 2: Agency Protest**

If concerns cannot be resolved at Tier 1, an interested party may file a written agency protest with either the Contracting Officer or the USDA Independent Review Authority. The decision by the USDA Independent Review Authority is an alternative to a decision by the Contracting Officer. The USDA Independent Review Authority will not consider an appeal of the Contracting Officer's decision on an agency protest.

The protest must state whether the protester elects review by the Contracting Officer, by the USDA Independent Review Authority. If no election is stated, the Contracting Officer will decide the protest.

**Required Information:** Protests shall include the information set forth in FAR 33.104-4 (a)(3). Failure to submit the required information may result in a delay or dismissal of the protest.

**Submission:** Agency protests should be submitted electronically to [SPE.inquiry@usda.gov](mailto:SPE.inquiry@usda.gov) and the Contracting Officer.

**GAOA Palisades Lagoon Liner & Sprinkler System Replacement  
RFQ 1240LT26Q0094**

**Timeliness:** Protests must be filed within the timeframes specified in FAR 33.104.

**Effect on Award or Performance:** Contract awards or performance will be suspended during the protest period unless justified in writing for urgent and compelling reasons or determined to be in the best interest of the Government.

**Review Timeline:** USDA strives to resolve agency-level protests within 35 business days of receipt.

**Election of Forum:** By filing a protest with USDA, the protesters agree not to file a protest on the same matter with the Government Accountability Office (GAO) or any other external forum while the agency protest is pending. If such a protest is filed externally, the USDA agency protest will be dismissed.

**Questions:** Questions regarding this notice or protest procedures should be directed to the Contracting Officer identified in this solicitation.
