4. Statutory Authority Permitting Other Than Full & Open Competition

This J&A is based upon the authority of 10 USC 3204(A) (1), only one or a limited number of responsible sources will satisfy agency requirements, as implemented by FAR 6.302-1

5. Rationale Justifying Use of Cited Authority

A/RMC 3

Acquire, for the second or subsequent time, directly from the actual manufacturer.

A/RMSC P

The rights to use the data needed to purchase/repair this part from additional source(s) are not owned by the Government and cannot be purchased, developed, or otherwise obtained. It is uneconomical to reverse engineer this part. This code is used in situations where the Government has the data but does not own the rights to the data. If only one source has the rights or data to manufacture/repair this item, A/RMCs 3, 4, or 5 are valid. If two or more sources have the rights or data to manufacture/repair this item, A/RMCs 1 or 2 are valid.

This acquisition will be solicited to

[REDACTED] The Government does not own all of the data, or the rights to the data needed to openly compete this requirement. The source listed above, who is the only known authorized source and the only authorized distributor for the OEM, who maintains the design and repairs standards via design drawings, manufacturing procedures, and quality assurance procedures. The Government does not have the data nor is not authorized to use the data, to approve alternate sources. Without the OEM documentation in-itself, creates a safety issue, critical issue, which would develop, into an issue of mission capability. Failure to repair one or more items properly would have a severe impact on a ships steerage/maneuvering and speed capability. There are no additional authorized distributors for this NIIN.

6. Description of Efforts Made To Solicit Offers From as Many Offerors as Practicable

The proposed contract action was synopsized on the government-wide point of entry on [REDACTED]

and as a result [REDACTED]

Market research was conducted in accordance with far part 10. The results of the market research conducted (or the reason(s) market research was not conducted) are as follows

A technical review, which consisted of searching several Government databases including ITIMP, ERP/ORACLE/FMT, ISEA, and NSDER, has been completed on this item. Search criteria included Part Number, Design Control Activity, Cage Code, NSN, Nomenclature, RMC/RMSC, AAC, Criticality Coding, recorded approved sourced of supply, historical sources of supply and past contracts. Based on this market research the contracting officer has determined that the only known repair source is [REDACTED]. If a company other than the one listed believes they have a compatible repair process within this industry, they can submit their documentation to the Program Office, to include research and development, drawings and test specifications, The Program Office may request further documentation of repair capabilities. The Program Office may also require a site visit, to evaluate a repair source's capabilities, to adequately accomplish the repairs for these items. Upon qualification, the approved company will be able to participate in future solicitations. A review of the databases listed in the market research did not reveal, nor identify, any additional distributors.

7. Determination of Fair And Reasonable Cost

The contracting officer determines that the anticipated cost to the Government of the supplies covered by this J&A will be fair and reasonable. The Contracting Officer will perform cost/pricing analysis to determine that pricing is fair and reasonable prior to awarding.

8. Actions to Remove Barriers to Future Competition

To promote competition, NAVSUP WSS will continue to encourage vendors with the expertise to manufacture/repair the subject item to submit a complete technical data package for review and source approval by the appropriate engineering source approval authority per the (WSS) guidelines. Also, future requirements will be advertised on the government-wide point of entry. For reasons set forth in Paragraph (5 & 6), NAVSUP WSS has no plans at this time to compete future contracts for the subject item covered by this document. If another potential manufacturing source emerges, NAVSUP WSS will assess whether competition for future requirements is feasible. Also, future requirements will be advertised on the government-wide point of entry.
